PECAN GROWER REFERENDUM BALLOT

TO PECAN GROWERS:

The U.S. Department of Agriculture held public hearings July 20 through July 21, 2015, in Las Cruces, New Mexico; July 23 through July 24, 2015, in Dallas, Texas; and July 27 through July 29, 2015, in Tifton, Georgia to consider a proposed marketing agreement and order (order) to cover pecans grown in the states of Alabama, Arkansas, Arizona, California, Florida, Georgia, Kansas, Louisiana, Missouri, Mississippi, North Carolina, New Mexico, Oklahoma, South Carolina, and Texas for the purpose of receiving evidence on the proposed order. The Secretary of Agriculture (Secretary) has announced his decision to provide pecan growers with an opportunity to vote in a referendum to determine if they favor the proposed program. The proposed marketing order will not be made effective unless favored by at least two-thirds of the growers voting in this referendum or by producers representing at least two-thirds of the volume of pecans voted in the referendum, during the representative period.

The proposed marketing order would authorize research and promotion (including marketing and paid advertising); data gathering; establishing grade, size, quality and container requirements; and related inspection and certification requirements. The program would be financed by assessments on processing handlers of pecans grown in the production area. Assessment rates would be established by the Secretary, based on the recommendations of a Council appointed by the Secretary to administer the order. The Council would initially be composed of 9 grower members, 6 sheller members, an accumulator member, and a public member, each with an alternate.
