

The OMB Control Number for this information collection is <insert number> and the expiration date is <insert date>.

According to the Paperwork Reduction Act of 1995, persons are not required to respond to this collection of information unless it displays a currently valid OMB control number and expiration date. Responding to this survey is voluntary. Public reporting burden for this collection of information is estimated to average 70 minutes per response, including time for reviewing instructions and gathering information that may be needed to support survey responses. Send comments regarding this burden estimate or any other aspect of this collection of information to Rosemarie Downer at rosemarie.downer@fns.usda.gov.

IDENTIFYING PROGRAM COMPONENTS AND PRACTICES THAT INFLUENCE SNAP APPLICATION PROCESSING TIMELINESS RATES: The SNAP Timeliness Study

Survey Instructions

It may take about 45–60 minutes to complete the survey. Please try to answer every question to the best of your ability. If you cannot answer a question, select the “Don’t know” response. If you choose not to answer a question, you can skip it, and move to the next question. Your participation is entirely voluntary. By completing the survey, you indicate consent to participate.

Most questions in this survey refer to your State’s administration of the SNAP program from October 1, 2012 through September 30, 2015, unless otherwise specified. Please report about policies, procedures, or other activities that were in operation during this timeframe only.

To move through the survey, use the navigation buttons at the bottom of each screen. Do not use your browser’s navigation arrows. If at any time you need to pause the survey, click on “Save” at the bottom of each page, and follow the instructions. You can then log back in later to complete the survey. Should you need to make changes to your previous responses, you can do so at any time after logging back in. Remember to click “Save” before you close the survey in order to record your responses.

Please monitor the time you spend to complete this survey and record that time at the end.

Thank you in advance for your participation in this important study.

Q2

“Demonstrations” are projects that test new and innovative strategies that are approved by FNS and typically last 5 years. Which, if any, of the following SNAP demonstration projects associated with SNAP application processing were in operation in your State from October 1, 2012 through September 30, 2015?

(Check all that apply.)

- Elderly Simplified Application Project (ESAP) ?
- Standard Medical Deductions (SMD) Project ?
- Combined Application Project (CAP) (Standard) ?
- Combined Application Project (CAP) (Modified) ?
- Assessment of the Contributions of an Interview to SNAP Eligibility and Benefit Determination ?
- Community Partner Interview Waiver ?
- 36-Month Certification ?
- Other FNS approved demonstration project(s) associated with SNAP application processing
- My State did not operate any demonstration projects from October 1, 2012 through September 30, 2015

The next few questions are about the modernization features your State agency has implemented.

Q4 Which of the following modernization features did your State have in operation from October 1, 2012 through September 30, 2015?

- Modified SNAP office lobby flow designed to reduce wait time
- A call center handled general inquiries and requests to reduce staff workload
- A call center that provided general data entry services to support local office staff (i.e., schedule appointments, process complaints, enter reported changes, set task alerts)
- A call center that made eligibility determinations: workers were empowered to act on changes, complete interviews, and make case determinations
- A call center that processed change reporting tasks: workers were empowered to make decisions and take necessary action on a case
- A contact center that gave clients 24/7 access to their case information and increased access points to view case information and to submit changes: clients could access SNAP services by visiting SNAP office, call center, or the Web
- Online eligibility screening tool
- Online application system that provided a PDF form that the client completes and sends back
- Online application system that allowed clients to apply online and was integrated with the eligibility system
- Online application system that allowed clients to apply online but staff input the online application into the eligibility system
- Online account management that allowed clients to check benefit information, report changes, upload documents
- Online case management for workers that organized caseloads by queue, tracked when application was routed from one process to another, and alerted workers when case actions were due
- Integrated systems that handled online applications, eligibility system, and data verification
- Text messaging to notify clients of appointments or for client-caseworker communication
- Mobile applications for clients to apply, submit verification, or report changes
- Video interviews
- Verification programs or State or Federal databases used to verify client income and other eligibility requirements
- Document imaging
- Electronic case files
- Other modernization feature
- My State did not operate any modernization features from October 1, 2012 through September 30, 2015

Did State leadership support BPR by taking any of the following actions?

(Check all that apply)

- Created new position(s) to handle new duties/responsibilities
- Integrated BPR into the management structure of SNAP
- Implemented a new application processing model
- Other actions taken

The next few questions are about the role of State and SNAP agency leadership has played in establishing Application Processing Timeliness (APT) as a priority.

Q6 In what ways did your State leadership (i.e., SNAP agency executive administrators and managers) make SNAP APT a priority from October 1, 2012 through September 30, 2015?
(Check all that apply)

- Established clear performance targets or goals for improving the States' APT rate
- Monitored State APT rates annually
- Monitored State APT rates quarterly
- Monitored State APT rates monthly or weekly
- Monitored local APT rates annually
- Monitored local APT rates quarterly
- Monitored local APT rates monthly or weekly
- Held workers responsible for overdue cases
- Supported business processing reengineering initiative(s)
- Provided staff training about new application processing procedures
- Allocated resources for new technology designed to improve application processing
- Allocated resources for technical assistance to help workers use new technology
- Other State leadership action (please specify)
- My State did not make SNAP APT a priority
