RE: Change Justification Request for Approval to Condense and Revise
HealthierUS School Challenge (HUSSC) Applications under
Approved Generic OMB Clearance No. 0584-0524

The Food and Nutrition Service (FNS) of the Department of Agriculture Food, Nutrition and Consumer Services is requesting approval to condense and revise two HealthierUS School Challenge (HUSSC) forms (FNS-779 and FNS-780) into one combined form, under the FNS Generic OMB Clearance No. 0584-0524. These forms were previously approved (0584-0524) in June 2013. FNS is requesting changes to the forms to reflect altered HUSSC criteria due to new program regulations (i.e., Nutrition Standards For All Foods Sold in Schools and Nutrition Standards in the National School Lunch and School Breakfast Programs) and initiatives to support the implementation of those regulations (i.e., use of behavioral economics in school cafeteria operations).

The target audience and the time required to complete the form will not change. Please see the following information for a detailed explanation regarding burden hours:

1. **Number of Respondents:** We anticipate that there will be a total of 1,000

HealthierUS School Challenge submitted applications (Attachment A) for a total of 1,000 respondents.

2. **Time Needed per Response:** For the application form for the HealthierUS School Challenge, approximately two hours is needed.
3. **Total Burden Hours on the Public:** 2,000 hours total. Each HUSSC applicant will complete one application form. Each form will display the OMB control number and public burden statement.

Those interested in submitting an application form can download the form from the FNS Web site and either mail, email or fax them to a designated address or fax number or submit the application and supporting documentation electronically to hussc@ars.usda.gov. FNS reviews information submitted on the HUSSC applications to determine if the applicant meets specific criteria to qualify for an award certificate, banner and monetary incentive. The data from the form will be used for administrative purposes only.

Once OMB approves the hussc@ars.usda.gov screen shots, the program will subsequently make those available in a revised data collection.

Attachment A Inserts:

- HealthierUS School Challenge: Smarter Lunchrooms Application (see Attachment A)
- HealthierUS School Challenge: Smarter Lunchrooms 2014 Criteria (see Attachment A)
- Smarter Lunchroom Scorecard (see Attachment A)
- Alliance for a Healthier Generation Smart Snacks Product Calculator (see Attachment A)
- HealthierUS School Challenge Bronze/Silver Application (see Attachment A)
- HealthierUS School Challenge Gold/Gold Award of Distinction Application (see Attachment A)

Contact Information: Questions regarding this data collection request can be directed to: Sheldon Gordon at 703-305-2893, or Ebony James at 703-305-2827.
