

Attachment 2: Burden Narrative

Part 272 Requirements for Participating State Agencies

7 CFR 272.2(d)(2) Education and Administrative Reporting System (EARS)

Section 11 of the Food and Nutrition Act (FNA) 2008 (7 U.S.C) 2020 (f)(3)(B)(ii) which requires State agencies (SA) submit the Education and Administrative Reporting System (EARS) FNS 759 form annually.

This form provides program activity data for the preceding fiscal year. Form FNS-759 provides data on Demographic characteristics of participants receiving nutrition education benefits, information about education topics, strategies used to reach participants, partnerships and use of resources. Fifty-three (53) SA's submit 1 response annually for a total of 53 annual responses. The current annual reporting burden for form FNS-759 report is 53 hours per respondent to complete the form. Due to the modifications to FNS-759, the burden hours have been increased to 60 hours per respondent for $(53 \times 1 = 53 \times 60 = 3180)$. The reporting burden we are requesting for form FNS-759 alone is **3,180 hours (53SA × 1 annual report = 53 total annual responses × 60 hours per response = 3,180)**. This reflects an increase of 372 burden hours due to program adjustments.
