[Email Subject] Share your thoughts to help create free materials!

Dear Director,

The USDA's Food and Nutrition Service (FNS) is creating nutrition education materials with multicultural recipes and family events. **The materials will be free and the recipes can be used as part of a reimbursable meal under CACFP.**

We'd love your thoughts to help develop these materials! Please complete this survey [insert link] to make sure these resources are fun, useful, and engaging!

Sincerely,

Gerad O'Shea, Research Director
Applied Curiosity Research

Background & Purpose: You're invited to participate in a research study conducted by ACR as part of a USDA FNS sponsored effort to develop nutrition education materials with multicultural recipes for child care centers and family day care homes. We're working to ensure these recipes and activities are clear, relevant, and engaging.

Process: Your only involvement in this study is completing the following survey.

Possible Risks & Benefits: We do not anticipate any risks associated with being in this study. The study will lead to the development of free resources developed by FNS

Compensation: You will not be compensated for your participation.

Participant's Rights: Participation in this study is voluntary. You have the right to change your mind and withdraw your consent or discontinue participation at any time without any penalty or loss of the benefits to which you are otherwise entitled. You have the right to refuse to answer particular questions. Your name, email address, and phone number will only be used to contact you about this research. They will not be given to anyone else for other purposes. Your name will never be used in any reports of our research findings. Your information will be kept secure and only used for research purposes, except as otherwise required by law. All data will be identified only by an ID number, not by any name.

Contact Information: If you have any questions, concerns, or complaints about this research study, its procedures, or risks and benefits, please contact the Principal Investigator, at the telephone number listed on the first page of this form.

If you have other questions about this research project, contact:
