

## Additional Telephone Screener Questions for NSSRN

1. Are you licensed to practice as a registered nurse in the United States?

Yes (Go to Q2)

No

If No: Unfortunately you don't qualify for this current study, but would you be interested in participating in future research opportunities? If yes ask universal screener.

2. Are you currently working as a Registered Nurse, Nurse Practitioner, Nurse Midwife, or Nurse Anesthesiologist, or some other type of registered nurse?

General RN

Nurse Practitioner

Nurse Midwife

Nurse Anesthesiologist

Other specialized RN: \_\_\_\_\_

Internal broadcast:

Subject: Participants needed for a Research Study

The Center for Survey Measurement is seeking currently licensed Registered Nurses (RN's) and Nurse Practitioners to test a web survey about their work, education, and skills. This research is to test the National Sample Survey of Registered Nurses. Participants will receive \$100.

If you know anyone who meets these criteria, we'd appreciate it if you let them know of this research opportunity. Interviews are around 90 minutes and take place at Census HQ or a location convenient for the respondent October 2, 2017- October 26, 2017.

Current federal employees are not eligible to participate.

**Please have interested participants contact us at (301) 763-4979 or email Kevin at [Kevin.J.Younes@census.gov](mailto:Kevin.J.Younes@census.gov) to learn more.**
