

ADDENDUM: 2020 Census Barriers, Attitudes and Motivators Survey Cognitive Interviews

Request: The purpose of this letter is to inform OMB of several small additions to the usability testing portion of the CBAMS project (OMB number 0607-0725). We wish to add two questions to the demographic questionnaire, to add an Internet/Mobile Experience questionnaire, and to add a short task to the usability protocol.

Purpose: No change

Population of Interest: No change

Timeline: No change

Language: No change

Method: No change

Sample: No change

Recruitment: No change

Informed Consent: No change

Protocol:

Following the completion of the updated demographic questionnaire (Attachment 1) participants will also complete a short Internet/Mobile Experience questionnaire (Attachment 2). Additionally, the Usability Interview Protocol (Attachment 3) now includes a short task that simply requires the participant to log out of the survey and log back in with a PIN.

Use of Incentive: No change

Below is a list of materials that were updated or added for this addendum:

1. Attachment 1: Demographic Questionnaire (updated)
2. Attachment 2: Internet/Mobile Experience questionnaire (new)
3. Attachment 3: 2020 CBAMS Usability Interview Protocol Web (updated)

Length of Interview: No change to participant burden
