

WELCOME

Why should I respond?

- The information you provide will help determine the content and design of the 2020 Census
- It's safe, secure and confidential. Your information and privacy are protected.
- It's quick and easy. This survey will take about 10 minutes to complete.

What to expect?

The U.S. Census Bureau asks general questions about the household, including how many people live in the house and if the home is owned or rented.

For each person living in the household, we also ask for the name, relationship to the householder, sex, age/date of birth, race and ethnicity and whether or not the person sometimes lives or stays somewhere else.

The U.S. Census Bureau is researching modern and cost-efficient methods for the population to exercise its civic obligation to be counted in the 2020 Census.

Whether through the internet, telephone, traditional paper questionnaires, or in-person visits, the Census Bureau is committed to making the mandatory once-a-decade headcount quick, easy, and safe for all to participate.

Help

Enter the number of people that will be living or staying at <ADDRESS> most of the time, as of <REFDATE>.

Our goal is to count people once, only once, and in the right place, according to where they will be living on <REFDATE>. Keeping this goal in mind, we ask you to use our guidelines to determine who to count at <ADDRESS>.

- Count people where they usually live and sleep.
- For people with more than one place to live, count them at the place where they sleep most of the time.
- For people who will be moving from one residence to another, count them at the residence where they will be living on <REFDATE>.
- For people who do not have a usual residence, or who cannot determine a usual residence, count them where they will be staying on <REFDATE>.

Using those guidelines, be sure to **INCLUDE** the following types of people if they will be living or staying at <ADDRESS> most of the time around <REFDATE>:

- Babies and children of all ages (even newborns and infants), including biological, step, and adopted children, as well as grandchildren, foster children, and children in joint custody arrangements.
- Any other close or extended family members living there, even partners, grandparents, cousins, in-laws, etc.
- People who are not related to you, such as roommates, boarders, friends, or live-in employees.
- People who will be staying at <ADDRESS> on <REFDATE> for a short or indefinite period of time, without a permanent place to live.

Do **NOT** include:

- College students who live away from <ADDRESS> most of the year.
- Armed forces personnel who live away.
- People who, on <REFDATE>, will be in a nursing home, mental hospital, jail, prison, detention center, etc.
- People visiting <ADDRESS> on <REFDATE> who usually live and sleep somewhere else.

Why We Ask

Why are you asking about the people at this address?

- Establishing an accurate count is critical for determining how many representatives a state should have in Congress, and population counts are factored into the distribution of hundreds of billions of dollars from more than 100 federal programs.
