Attachment B - 2019 ABS Globalization Module Draft.docx;

Hi Aryn,

I Approve. I only made one minor edit to Attachment B with the lettering of Question 2 (enclosed). Thank you.

Best,
Nick

Subject: Globalization OMB Request Package

Good Afternoon,

I was speaking to Amy and she said that we may want to go ahead and submit the OMB package for the Globalization Module. We can always add CES' Tech question as an amendment after the fact. I believe amendments only take a week or two to get approved if the rest of the package was approved previously.

Please let me know your thoughts or concerns.

If everyone agrees to proceed with submitting what we have to OMB, I have the package attached for your review.

Audrey, Nick, and Patrice/John - Could you please send me an email saying you have reviewed and approve the materials if you agree to proceed? I want to attach the approvals to the package as OMB wants to see them now.

Thanks,
Aryn

Aryn,

Aside from the changes made by Nick and Audrey, everything else looks good. I approve.

Hi Aryn – just a few comments to update the documents.

Thank you
