BioSense Platform User Satisfaction Survey

- The NSSP program intends to use the results of this data to improve the functionality and utility of the BioSense Platform for current and future users.
- Data will be collected using Epi Info and its web-based survey tool functionality.
- The subpopulation to be assessed are the 47 site administrators and 47 local users whose jurisdiction transitioned to the new platform during June-December 2016
- Data will be analyzed using descriptive statistics and thematic analysis.
