### **TITLE OF INFORMATION COLLECTION:**

CDC Public Health and Preparedness Recorded Webinars FY2019 Learner Feedback Survey

### **PURPOSE:**

The eight basic-intermediate level recorded (archived) webinars produced by the Centers for Disease Control and Prevention, Division of Laboratory Systems that were available during October 1, 2018 – May 31, 2019, provide educational content relevant to laboratory scientists working in hospitals, reference laboratories, universities and public health laboratory settings. These one-hour long programs are free of charge, and hosted on CDC TRAIN. Most offer 1.0 contact hour of ASCLS P.A.C.E.® continuing education credit. Multiple recorded webinar topics provide relevant information to the same audience; consequently, many laboratory scientists complete more than one webinar annually. Webinar topics are grouped into two broad categories:

#### Preparedness Topics:

- *Human Brucellosis Associated with Brucella abortus RB51 Shedding in Milk*
- *Interface of Biology and Chemistry: How Advanced Analytical Techniques Benefit the Diagnosis, Assessment, of Treatment Efficacy, and Prevention of Toxin-Mediated Diseases*
- *Overview of the Rapid Tox Screen and Laboratory Response Network for Chemical Threats (LRN-C)*

#### Public Health Topics:

- *Brain Eating Amoebas: Challenges in Diagnosis and Treatment*
- *Diagnostic Features of Intestinal Nematodes*
- *Molecular Techniques in Mycology*
- *Morphological Identification of the Commensal Protozoa of the Human Intestinal Tract*
- *Why, When and How to Create a 508 Compliant Document*

An email invitation to complete the Public Health and Preparedness Webinars Learner Feedback voluntary survey will be sent to learners designated by CDC TRAIN as having completed all components of one or more of the 8 archived webinars during October 1, 2018 through May 31, 2019. The email invitation will include clickable links to either proceed to the survey or unsubscribe (opt out). Learners may also opt out by not responding to the email. If learners click the link to begin the survey in the email, they will link to a Survey Monkey webpage housing the survey.

The information to be collected aims to understand to what extent the learners are able to use the content of the webinars in their work settings. The survey questions will take approximately five minutes to complete. Responses will be anonymous and no unique identifying information will be sought or kept. The feedback we receive will be used by our program in aggregate only. The

learner feedback will help the continuous quality assurance of our instructional design process and inform updates to these courses in alignment with learner' needs. Learner feedback will provide valuable insight on the instructional design of these webinar courses, which includes relevance and applicability of content.

**DESCRIPTION OF RESPONDENTS:**

This is a voluntary survey to collect information from learners who have completed one or more of the 8 preparedness or public health recorded (archived) webinars from October 2018 through May 2019, and may include laboratory professionals working in clinical, reference, university, and public health laboratories.

## **Instructions for completing Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback”**

---

**TITLE OF INFORMATION COLLECTION:** Provide the name of the collection that is the subject of the request. (e.g., Comment card for soliciting feedback on xxxx)

**PURPOSE:** Provide a brief description of the purpose of this collection and how it will be used. If this is part of a larger study or effort, please include this in your explanation.

**DESCRIPTION OF RESPONDENTS:** Provide a brief description of the targeted group or groups for this collection of information. These groups must have experience with the program.

**TYPE OF COLLECTION:** Check one box. If you are requesting approval of other instruments under the generic, you must complete a form for each instrument.

**CERTIFICATION:** Please read the certification carefully. If you incorrectly certify, the collection will be returned as improperly submitted or it will be disapproved.

**Personally Identifiable Information:** Provide answers to the questions.

**Gifts or Payments:** If you answer yes to the question, please describe the incentive and provide a justification for the amount.

### **BURDEN HOURS:**

**Category of Respondents:** Identify who you expect the respondents to be in terms of the following categories: (1) Individuals or Households; (2) Private Sector; (3) State, local, or tribal governments; or (4) Federal Government. Only one type of respondent can be selected.

**No. of Respondents:** Provide an estimate of the Number of respondents.

**Participation Time:** Provide an estimate of the amount of time required for a respondent to participate (e.g. fill out a survey or participate in a focus group)

**Burden:** Provide the Annual burden hours: Multiply the Number of responses and the participation time and divide by 60.

**FEDERAL COST:** Provide an estimate of the annual cost to the Federal government.

**If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:**

**The selection of your targeted respondents.** Please provide a description of how you plan to identify your potential group of respondents and how you will select them. If the answer is yes, to the first question, you may provide the sampling plan in an attachment.

**Administration of the Instrument:** Identify how the information will be collected. More than one box may be checked. Indicate whether there will be interviewers (e.g. for surveys) or facilitators (e.g., for focus groups) used.

**Please make sure that all instruments, instructions, and scripts are submitted with the request.**
