2019 Science Ambassador Training Customer Satisfaction Survey

- Goal of this study is to understand participant or potential participant satisfaction with the professional development opportunities offered by the Science Ambassador program
- Intended use of the resulting data is to improve the services and trainings offered to teachers interested in teaching public health to middle- and high-school students.
- Data will be collected using Survey Monkey, a web-based survey tool
- The subpopulation to be studied are individuals (1) former Science Ambassador Fellows from 2014-2018, (2) individuals who applied to the Science Ambassador training in 2014-2018 and who were not accepted, and (3) 2018 and 2019 Science Ambassador regional training workshop registrants.
- Data will be analyzed using descriptive statistics
