Individualized Quality Control Plan (IQCP) Survey

Survey #: 01

Organization: CSELS, DLS

In May 2015, the Centers for Disease Control and Prevention (CDC) in collaboration with the Centers for Medicare & Medicaid Services (CMS) released the IQCP-A Step-By-Step Guide, which is available both in print and electronically [in CDC Stacks](#). This workbook provides a voluntary guide to assist laboratories in developing IQCP, which is an alternate quality control (QC) option under the Clinical Laboratory Improvement Amendments (CLIA) regulations for most nonwaived testing. The IQCP option offers a laboratory the flexibility for meeting regulatory QC requirements appropriate for the testing performed, including existing and new test systems. The CDC Division of Laboratory Systems (DLS) seeks to examine the utility of the IQCP workbook and its components in assisting laboratories with evaluating the quality of their current testing procedures and developing an IQCP that meets the CLIA requirements. Please complete this brief 10 minute survey about your experience with the IQCP Workbook.

Individualized Quality Control Plan (IQCP) Survey

5. I chose this workbook because it was: (select all that apply)

- Easily accessible
- Easy to use
- Recommended
- Free
- Other (Please Specify)

6. Which of the following workbook features were most helpful? (select all that apply)

- Fillable forms
- Electronic format
- Hardcopy workbook
- Case scenarios
- Example questions
- Work space
- References (links, definitions, regulatory citations)
- Other

7. The risk Assessment component of this workbook was easy to use.

- Strongly Agree Agree Neutral Disagree Strongly Disagree Did Not Use

8. The Quality Control component of this workbook was easy to use.

- Strongly Agree Agree Neutral Disagree Strongly Disagree Did Not Use

9. The Quality Assessment component of this workbook was easy to use.

- Strongly Agree Agree Neutral Disagree Strongly Disagree Did Not Use

Individualized Quality Control Plan (IQCP) Survey

10. This workbook helped me better understand the IQCP process.

Strongly Agree Agree Neutral Disagree Strongly Disagree Did Not Use

11. This workbook helped our laboratory determine if our current Quality Control (QC) procedures are adequate for our testing practices.

Strongly Agree Agree Neutral Disagree Strongly Disagree Did Not Use

12. This workbook helped our laboratory understand options for meeting regulatory QC requirements appropriate for current and new testing practices.

Strongly Agree Agree Neutral Disagree Strongly Disagree Did Not Use

13. This workbook helped our laboratory understand the difference between Quality Control and Quality Assessment.

Strongly Agree Agree Neutral Disagree Strongly Disagree Did Not Use

14. This workbook was useful in performing a Risk Assessment.

Strongly Agree Agree Neutral Disagree Strongly Disagree Did Not Use

15. This workbook was useful in developing a Quality Control Plan.

Strongly Agree Agree Neutral Disagree Strongly Disagree Did Not Use

16. This workbook was useful in developing a Quality Assessment.

Strongly Agree Agree Neutral Disagree Strongly Disagree Did Not Use
