

## Regional Grant Writing Workshop Outcomes Study

### Introduction/OMB

The National Cancer Institute invites you to complete a brief survey about your past participation in the Regional Grant Writing Workshop. Information collected will provide NCI with valuable data and evidence to assess the effectiveness of the Regional Grant Writing Workshop for future planning and improvement. All information obtained will be kept secure to the extent provided by law and data will be analyzed by NCI staff. This survey consists of 19 questions and can be completed in approximately thirty minutes. You do not need to complete this survey in one sitting. There are no risks or no direct benefits to you for participating in the survey. If you have any questions regarding the survey, please contact Dr. Makeda Williams directly (willimak@mail.nih.gov). Thank you in advance for your participation.

OMB No.: 0925-XXXX

Expiration Date: xx/xx/20xx

Collection of this information is authorized by The Public Health Service Act, Section 411 (42 USC 285a). Rights of study participants are protected by The Privacy Act of 1974. Participation is voluntary, and there are no penalties for not participating or withdrawing from the study at any time. Refusal to participate will not affect your benefits in any way. The information collected in this study will be kept private to the extent provided by law. Names and other identifiers will not appear in any report of the study. Information provided will be combined for all study participants and reported as summaries. You are being contacted by email to complete this instrument so that we can improve future workshops.

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-XXXX). Do not return the completed form to this address.

### Regional Grant Writing Workshop Outcomes Study

\* 1. What is the name of the organization that you represented while participating in the Grant Writing Workshop?

2. Please mark the category that best describes the type of organization you represented:

- United States Government
- Foreign Government
- Industry
- Non-governmental Organization
- Academic/Research
- Health Care

3. What country is the organization you represented located in?

Regional Grant Writing Workshop Outcomes Study

\* 4. How useful did you find the content presented in the Grant Writing Workshop when preparing a grant application?

- Very useful
- Moderately useful
- Not useful
- Not applicable

Please provide examples of how the workshop content was useful or an explanation of why the content was not useful

\* 5. Research Administrators: How useful did you find the content presented in the Grant Writing Workshop when assisting researchers with the preparation of the administrative areas of a grant application?

- Very useful
- Moderately useful
- Not useful
- Not applicable

Please provide examples of how the workshop content was useful or an explanation of why the content was not useful

Regional Grant Writing Workshop Outcomes Study

\* 6. Which of the following topics would you like further training in? Please select no more than three topics

- Identifying funding opportunities at NIH and other agencies
- Grant Application: Developing and presenting your ideas
- Establishing collaborations
- Understanding confidentiality and financial conflict of interest
- Intellectual property
- Overseeing the grant management process (such as pre- and post-award activities)
- The Application Process: Moving from an idea to submitting an application
- Grant Application Review: What goes on behind the scenes once an application has been received
- Concept Paper development: tips/tools
- None of the above

Other (please specify)

7. Do you need training in writing scientific research proposals?

- Yes
- No, I have these skills
- No, I don't use these skills in my work

\* 8. Do you need training in writing scientific research manuscripts and abstracts?

- Yes
- No, I have these skills
- No, I don't use these skills in my work

\* 9. How useful do you think the grant writing workshop would be if offered through a webinar? The webinar would allow viewing of the workshop sessions and virtual interaction with the workshop.

Regional Grant Writing Workshop Outcomes Study

\* 16. Have you, as a result of Grant Writing Workshop, completed any of the following? (please mark all that apply)

- Development or strengthening of regional research networks
- Development or improvement of administration systems for cancer research
- Research that informs programs/policies that reduce cancer burden
- None of the above

Other (please specify)

\* 17. How many new research collaborations and/or research administration partnerships have you formed as a result of your participation in this workshop?

\* 18. If you created collaborations, have those collaborations resulted in a grant application submission?

- Yes
- No
- Not applicable

19. What additional tools or resources would facilitate collaborations for you with other researchers in your region?

\* 20. Did the knowledge gained from the grant writing workshop provide you with research leadership opportunities in your institution?

- Yes
- No
