1. Respondent universe and sampling methods.....	- 1 -
2. Information Collection Procedures.....	- 1 -
3. Methods to Maximize Response Rates.....	- 1 -
4. Tests of Procedures.....	- 1 -
5. Statistical Consultants.....	- 1 -

## **B. Collections of Information Employing Statistical Methods**

This project will not employ any statistical methods. The project is an exploratory, qualitative study of the current landscape of measurement for performance improvement in physician practices using only qualitative methods and analysis. There is no statistical sampling involved, as this is a convenience sample, not a representative sample.

### **1. Respondent universe and sampling methods**
