NAME REQUESTS LETTER

(A10 = 04)

A20. The letter from Social Security said you were chosen from a list of all adults who receive or used to receive Social Security benefits. It said someone from Mathematica would call to ask you to take part in this survey. I work for Mathematica Policy Research, a well-known research company based in Princeton, New Jersey. We were hired by Social Security to conduct this survey. The National Beneficiary Survey asks about your health, daily activities, and any jobs you may have. It also asks about Social Security programs or services you may use. The letter included the Privacy Act statement. It said that taking part in the survey is your choice and that your benefits will not be affected by your decision to answer the survey questions. It also said that the answers you give will be used only for research purposes to improve Social Security programs. If you get tired or need a break at any time, please tell me, and we will call back later to finish. This interview may be recorded for quality assurance. Let's start now.

PROBE (PREPAY=1): Social Security sent a letter with a \$5 gift card as a thank you. We will send you a \$15 gift card after you complete the survey.
