The N-DEX System Program Office is offering dynamic web-based workshop opportunities for the N-DEX System user community demonstrating functionalities and recent enhancements.

These sessions feature live demonstrations of the system, lasting between 30 and 60 minutes, depending on the topic and the level of audience participation.

Please complete the form below to indicate interest.

After submission, the N-DEX Program Office will send a calendar invitation with more information about the N-DEX System and how to attend the selected session(s).

N-DEX System Workshop Descriptions

The N-DEX System Overview: Basic overview of the N-DEX System and its functionalities. This presentation provides a high-level overview of what the N-DEX System is, what data is contained, and includes a tour of the system and its basic functionalities.

Search: In-depth demonstration of performing searches on the N-DEX System, outlining usage of filters, and providing best practices when performing searches.

Batch Search: The Batch Search function enables users to search multiple (up to thousands) people, phone numbers, vehicles, or keywords at one time. This session will cover how to create a Batch Search template, create a Batch Search, view results, and edit and share a Batch Search.

Fugitive Finder: Learn how to use the N-DEX System to identify and apprehend absconders and fugitives in this batch search class specifically designed around the actual experiences (and successes) of a state correctional agency.
