I. TARGET SCHOOLS (if applicable)

Please list all the target schools served during this budget period. For each target school, include the school's identification number listed in the Common Core of Data (CCD) of the National Center for Education Statistics (NCES), the name of the school, its city, state, zip code, and the number of participants served during the reporting period. A Web link to the CCD data will appear on the Web application to assist you in finding the NCES school identification numbers for your target schools.

This section will be pre-populated with the list of target schools the project submitted in the 2011-12 APR. If there are any changes in the target schools, please update or correct the data in the pre-populated list of target schools. Also, please check the pre-populated NCES identification numbers for accuracy.

Please be sure to provide the number of participants served at each target school.

NCES School ID #	School name	City	State	Zip Code	Number served

J. INVITATIONAL PRIORITIES (if applicable)

This section will be pre-populated with the information you provided in the 2011-12. This section does not need to be updated.

1. The Secretary encourages applicants to work with appropriate State agencies to use data from State longitudinal data systems or to obtain data from reliable third-party sources when providing information on the implementation of their EOC projects and their participants' outcomes.

1A. Not applicable

1B. Yes

If "Yes," list below the names of the State and third-party data systems your project is using.

Section IV: Educational Status of EOC Participants (at end of reporting period or for the following fall)

In this section all the standard objectives are listed for your EOC project. The percentage for each of these standard objectives will be pre-populated in the online Web application for all grantees. The pre-populated numbers are based on the information provided on the Program Profile sheet submitted with your approved FY 2011 application. No changes may be made to these percentages on this form. However, if any of the pre-populated numbers reflects a data entry error, you must contact your assigned program specialist to resolve the problem. So as to allow the Department to report aggregated data gathered in a uniform manner, all EOC grantees must report outcomes based on the standard objectives identified in the FY 2011 application.

To better facilitate data collection, please enter a positive numeric value in each field. For fields not applicable to your project, please enter zero (0). If more than one response is possible for a given participant, choose the most recent status. Also, please refer to the “Definitions that Apply” section in the APR instructions for additional information on commonly used terms, e.g., secondary school diploma, and alternative education program, etc., that are new in this APR.

A. OBJECTIVE: Secondary School Diploma

_____ % of participants served during the project year that did not have a secondary school diploma or its equivalent at the time of first service in the project year will receive a secondary school diploma or its equivalent during the project year.

Educational Status of Such Participants	NUMBER	NUMBER
A1. Received a secondary school diploma or its equivalent	_____	
A2. Enrolled in an alternative education program but did not complete	_____	
A3. Enrolled in high school but did not complete	_____	
A4. Not enrolled in high school or an alternative education program	_____	
A5. Deceased	_____	
A6. Unknown	_____	
A7. Total	_____	

The **denominator** is the number of participants who did not have a secondary school diploma or its equivalent at the time of first service in the reporting year project year (sum of Section III A1, A2, A5, B1, B2, B3, and B4) minus the deceased.

The **numerator** is the number of participants who received a secondary school diploma or equivalent during the project year (Section IV A1).

B. OBJECTIVE: Financial Aid Applications

_____ % of participants served during the project year who at time of first service in the project year were not already enrolled in a postsecondary education program and who: (1) were high school seniors or equivalents in alternative education programs; (2) were high school graduates; or (3) had obtained a high school equivalency certificate will apply for financial aid during the project year.

NUMBER

Financial Aid Completion

- B1. Completed a financial aid application _____
- B2. Did not complete a financial aid application _____
- B3. Unknown _____
- B4. Total _____

The **denominator** is the number of participants, at the time first service in the reporting period, who are not enrolled in postsecondary education, and who are high school seniors or equivalents in alternative programs or who have a secondary diploma or equivalent (Section III, A1, A3, A4, A6, and B2)

The **numerator** is the number of participants who applied for financial aid during the project year (Section IV, B1).

C. OBJECTIVE: Postsecondary Education Admissions

____% of participants served during the project year who at time of first service in the project year were not already enrolled in a postsecondary education program and who: (1) were high school seniors or equivalents in alternative education programs; (2) were high school graduates; or (3) had obtained a high school equivalency certificate will apply for postsecondary admissions during the project year.

NUMBER

Postsecondary Education Admissions

- C1. Applied for admission to a postsecondary education program _____
- C2. Did not apply for admission to a postsecondary education program _____
- C3. Unknown _____
- C4. Total _____

The **denominator** is the number of participants, at the first time of service in the reporting period, who are not enrolled in postsecondary education, and who are high school seniors or equivalents in alternative programs or who have a secondary diploma or equivalent (Section III, A1, A3, A4, A6, and B2)

The **numerator** is the number of participants who applied for admission to a postsecondary education programs (Section IV, C1)

D. OBJECTIVE: Postsecondary Education Enrollment

____% of secondary school graduates (or equivalents) who were served during the project year, and who were not already enrolled in a postsecondary education school at time of first service in the project year, will enroll in a postsecondary education program during the project year (or by the end of the next fall term), or will have received notification by the fall term of acceptance but deferred enrollment until the next academic term (e.g., spring term).

NUMBER

Postsecondary Education Status of Participants

D1. Received a secondary school diploma or equivalent during the reporting year and enrolled in a postsecondary education program	_____
D2. Had a secondary school diploma or credential at the time of first service in the reporting year and enrolled in a postsecondary education program	_____
D3. Did not enroll in a postsecondary education program	_____
D4. Deceased	_____
D5. Unknown	_____
D6. Total (Should equal the sum of Section IV, A1 <u>and</u> Section III, A3, A4, and A6)	_____

Please note that the option selected in the 2011-12 APR for the postsecondary education enrollment objective will be pre-populated. **As noted in the APR instructions for the 2011-12 APR, the interpretation selected cannot be changed for the remainder of the current grant cycle to maintain consistent PE calculations across all PE assessment years.**

Option 1: The **denominator** for this objective would include participants that received a secondary school diploma or its equivalent during the reporting year (Section IV, A1). The **numerator** is the number of participants served who received a secondary school diploma or equivalent during the reporting year and enrolled in a postsecondary education program (Section IV, D1).

or

Option 2: The **denominator** for this objective would include participants that received a secondary school diploma or its equivalent during the reporting year (Section IV, A1) **and** those participants who had a secondary school diploma or credential at the time of first service (Section III, A3, A4, and A6 minus deceased reported in Section IV, D4) during the reporting year. The **numerator** is the number of participants served who received a secondary school diploma or equivalent during the reporting year and enrolled in a postsecondary education program (Section IV, D1) **and** the number of participants who already had a secondary school diploma or credential at the time of first service and enrolled in a postsecondary education program (Section IV, D2).

Note: Because Section IV, A5 identified deceased participants, IV, A1 did not include such students; the calculation for Option 1 will therefore not involve subtracting deceased participants from the denominator. On the other hand, Section IIIA *did not* identify deceased students; therefore, in the calculation for Option 2, deceased students in IV, D4 will be subtracted from the denominator.

E. Postsecondary Placements (Types of Institutions)

Please indicate the number of participants enrolled in postsecondary education for each type of postsecondary institution listed
