U.S. Customs and Border Protection (CBP) Regulations. 19 CFR 12.112 requires an importer desiring to import pesticides or devices into the United States to submit EPA Form 3540-1, Notice of Arrival of Pesticides and Devices (NOA) to the U.S. Environmental Protection Agency (EPA) *prior to the arrival* of shipment in the United States. The NOA will be used by: **Importer of Record or Licensed Customs Broker:** The importer of record or licensed customs broker must complete Part I of the NOA form. A separate NOA must be submitted for each pesticide or device in each shipment *prior to its arrival at the port of entry*. To expedite the handling of pesticide or device shipments, submit NOA(s) to the EPA office listed below having jurisdiction over the state/territory of the port of entry. It is recommended that all applicable blocks in Part I be completed prior to submission to EPA, and that a copy of the label affixed to the product be submitted with each NOA. Additional supporting documentation (e.g. CBP Form 7501, 3461, or 3461 ALT) for validating information provided may also be included with the submission. When providing an address, the complete address should include the mailing location, email address, and telephone number of the contact person. **EPA:** EPA will complete Part II, indicating the disposition of the shipment, sign and return the NOA(s) to the importer or agent for presentation to CBP at the time of entry. **CBP:** CBP will compare the information shown on the NOA(s) with the entry documents and the shipment, bringing any discrepancies to EPA's attention before the shipment is released, and noting discrepancies in the Remarks section. If the importation is not handled by CBP in the manner instructed in Part II, this should also be noted in the Remarks. After completing Part III and signing the NOA(s), CBP will return the NOA(s) to EPA as the Official File Copy.
