Appendix B Impaired Driving Survey Form 1322

Several Driver Licensing Offices are participating in a study about community-oriented law enforcement. Your answers to the following questions are <u>voluntary</u> and <u>anonymous</u>. Please complete the survey and drop it in the box before you leave.

This collection of information is voluntary and will be used for statistical purposes only so that we may develop and evaluate programs designed to reduce the number of traffic-related injuries and deaths. The public reporting burden is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Your participation is anonymous, and we will not collect any personal information that would allow anyone to identify you. Please note that a federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB control number. The OMB control number for this collection is # XXXX-XXXX.
