

occupancy policies for both the public and the Department of Housing and Urban Development. Public housing authorities must have on hand and available for inspection policies related to admission and continued occupancy, so as to respond to inquiries from tenants, legal-aid services, HUD, and other interested parties informally or through the Freedom of Information Act. Written documentation of policies relating to public housing and Section 8 assistance programs implemented under the Quality Housing and Work Responsibility Act of 1998, such as eligibility for admission and continued occupancy, local preferences, and rent determination, must be maintained and made available by public housing authorities.

The collection of information implements changes to the admission and occupancy requirements for the public housing and Section 8 assisted housing programs made by the Quality Housing and Work Responsibility (QHWRA) Act 1998, (Title V of the FY 1999 HUD appropriations Act, Public Law 105–276, 112 Stat. 2518, approved October 21, 1998), which amended the United States Housing Act of 1937. QHWRA made comprehensive changes to HUD's public housing, Section 8 programs. Some of the changes made by the 1998 Act (*i.e.*, QHWRA) affect public housing only and others affect the Section 8 and public housing programs. These changes cover choice of rent, community service and self-sufficiency in *public housing*; and admission preferences and determination of income and rent in *public housing* and *Section 8 housing assistance programs*.

Revisions are made to this collection to reflect adjustments in calculations based on the total number of current, active public housing agencies (PHAs) to date. The number of active public housing agencies has changed from 4,058 to 3,946 since the last approved information collection. The number of PHAs can fluctuate due to a number of factors, including but not limited to the merging of two or more PHAs or the termination of the public housing and/or voucher programs.

Estimated Number of Respondents: 3,946.

Estimated Number of Responses: 3,946.

Average Hours per Response: 24.

A. Overview of Information Collection

Title of Information Collection: ConnectHome Use and Barriers Focus Groups.

OMB Approval Number: Pending.

Form of Request: New.

Form Number: Focus groups.

Description of the need for the information and proposed use: President Barack Obama and HUD Secretary Julián Castro announced ConnectHome on July 15, 2015, as the next step in the Obama Administration's efforts to increase access to high-speed Internet access for all Americans. Through public-private partnerships, nonprofit organizations, businesses, and Internet service providers (ISPs), ConnectHome will offer high-speed Internet service, devices, technical training, and digital literacy programs to residents of HUD-assisted housing in 28 pilot communities, including the Choctaw Nation of Oklahoma.

As communities begin to implement ConnectHome in 2016 and connect residents to Internet access within their homes, these focus groups will illuminate how families are taking advantage of ConnectHome as well as barriers they may encounter. The focus groups will explore ConnectHome subscribers' previous broadband access,

current and planned patterns of use, and current and anticipated benefits of their at-home high-speed Internet access. Questions will emphasize educational Internet use such as completing homework, connecting parents with educators, and applying to college. In addition, the focus groups will explore barriers to signing up for ConnectHome, securing devices, and using the Internet.

Respondents (i.e. affected public): ConnectHome-eligible residents in 5 of the 28 pilot communities.

Estimated Number of Respondents: 45 total—9 respondents each at 5 ConnectHome sites.

Frequency of Response: One time.

Average Hours per Response: 1.5 hours.

Total Estimated Burden: 67.5 hours.

Respondents' Obligation: Voluntary.
