

Attendee phone audio access code 684–586–345, and then enter your audio phone pin (shown after joining the webinar). Participants are encouraged to use their telephone, as this is the best practice to avoid technical issues and excessive feedback. (See http://www.pcouncil.org/wp-content/uploads/PFMC_Audio_Diagram_GoToMeeting.pdf). System Requirements for PC-based attendees: Required: Windows® 7, Vista, or XP; for Mac®-based attendees: Required: Mac OS® X 10.5 or newer; and for mobile attendees: iPhone®, iPad®, Android™ phone or Android tablet (See the GoToMeeting Webinar Apps). You may send an email to kris.kleinschmidt@noaa.gov or contact him at (503) 820–2280, extension 425 for technical assistance. A public listening station will also be provided at the Pacific Council office.

Council address: Pacific Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220–1384.

FOR FURTHER INFORMATION CONTACT: Mr. Mike Burner, Pacific Council; telephone: (503) 820–2414.

SUPPLEMENTARY INFORMATION: The SRWCW will discuss progress on the development of new indicators and predictors of Sacramento River winter Chinook ocean abundance, review methods for evaluating the relative risks and benefits of alternative harvest control rules, prepare a report for the Council's June 2016 meeting, and discuss future meeting plans.

Although nonemergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt at (503) 820–2280, extension 425 at least 5 days prior to the meeting date.

Dated: May 25, 2016.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510–22–P

COMMODITY FUTURES TRADING COMMISSION

Agency Information Collection Activities: Notice of Intent To Renew Collection 3038–0017, Market Surveys

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice.

SUMMARY: The Commodity Futures Trading Commission (“CFTC” or “Commission”) is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act (“PRA”), Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information and to allow 60 days for public comment. This notice solicits comments on market investigations.

DATES: Comments must be submitted on or before August 1, 2016.

ADDRESSES: You may submit comments, identified by “Market Surveys,” Collection Number 3038–0017, by any of the following methods:

- The Agency’s Web site, at <http://comments.cftc.gov/>. Follow the instructions for submitting comments through the Web site.

- *Mail:* Christopher Kirkpatrick, Secretary of the Commission, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW., Washington, DC 20581.

- *Hand Delivery/Courier:* Same as Mail above.

Please submit your comments using only one method.

- *Federal eRulemaking Portal:* <http://www.regulations.gov/>. Follow the instructions for submitting comments through the Portal.

Please submit your comments using only one method.

All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <http://www.cftc.gov>.

FOR FURTHER INFORMATION CONTACT: Gary J Martinaitis, Associate Deputy Director, Division of Market Oversight, Commodity Futures Trading Commission, (202) 418–5209; email: gmartinaitis@cftc.gov, and refer to OMB Control No. 3038–0017.

SUPPLEMENTARY INFORMATION: Under the PRA, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of Information” is defined

in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed collection of information listed below.

Title: Market Surveys (OMB Control No. 3038–0017). This is a request for extension of a currently approved information collection.

Abstract: Under Commission Rule 21.02, upon call by the Commission, information must be furnished related to futures or options positions held or introduced by futures commission merchants, members of contract markets, introducing brokers, foreign brokers, and for options positions, by each reporting market. This rule is designed to assist the Commission in prevention of market manipulation and is promulgated pursuant to the Commission’s rulemaking authority contained in section 8a of the Commodity Exchange Act, 7 U.S.C. 12a (2010).

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;

- The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and

- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according

to the procedures established in § 145.9 of the Commission's regulations.¹

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <http://www.cftc.gov> that it may

deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the Information Collection Request will be retained in the public comment file and will be considered as

required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The respondent burden for this collection is estimated to be as follows.

ESTIMATED ANNUAL REPORTING BURDEN

17 CFR section	Annual number of respondents	Frequency of response	Total annual responses	Hours per response	Total hours
21.02	400	Annually	400	1.75	700

Respondents/Affected Entities: futures commission merchants, members of contract markets, introducing brokers, foreign brokers, contract markets.

Estimated number of respondents: 400.

Estimated total annual burden on respondents: 700 hours.

Frequency of collection: Annually.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: May 25, 2016.

Robert N. Sidman,

Deputy Secretary of the Commission.

[FR Doc. 2016-12707 Filed 5-27-16; 8:45 am]

BILLING CODE 6351-01-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Notice of Availability of Draft Environmental Impact Statement for the Continental United States Interceptor Site

AGENCY: Missile Defense Agency, Department of Defense.

ACTION: Notice of availability and notice of activity in Wetlands as required by Executive Order 11990 (*Protection of Wetlands*).

SUMMARY: The Missile Defense Agency (MDA) announces the availability of the Draft Environmental Impact Statement (EIS) for the potential deployment of a Continental United States (CONUS) Interceptor Site (CIS). A CIS Draft EIS was prepared in accordance with the National Environmental Policy Act (NEPA) of 1969 and the Council on Environmental Quality Regulations for Implementing the Procedural Provisions of NEPA and assesses the impacts of the potential deployment of a CIS.

As required by the fiscal year 2013 National Defense Authorization Act, the MDA has conducted extensive surveys and assessments for development of a

Draft EIS in order to evaluate candidate sites for the potential future deployment of additional ground-based interceptors for homeland defense against threats from nations such as North Korea and Iran.

All potential sites analyzed in this Draft EIS contain wetlands that would be affected. All practicable measures were taken to arrange a CIS footprint to minimize and avoid impacts to wetlands while still maintaining operational effectiveness. However there are no practicable deployment alternatives that would completely avoid impacts to wetlands. If a deployment decision were made MDA would coordinate with the U.S. Army Corps of Engineers and applicable state department of environmental protection to determine appropriate mitigations for wetland impacts. As required by Executive Order (EO) 11990 (*Protection of Wetlands*), MDA would prepare a Finding of No Practicable Alternative (FONPA) for the selected site. The FONPA would explain why there is no practicable alternative to impacting wetlands at the identified site. MDA is providing a public review, in accordance with EO 11990, of its findings in the Draft EIS concerning wetlands impacts and potential mitigation measures.

DATES: The public comment period will be from June 3 to July 18, 2016.

ADDRESSES: Comments on the Draft EIS should be received by July 18, 2016 by one of the following methods:

- *Mail:* U.S. Postal Service to: Black & Veatch Special Projects Corp. Attn: MDA CIS EIS, 6800 W 115th Street, Suite 2200, Overland Park, KS-66211-2420.
- *Email:* MDA.CIS.EIS@BV.com.

Public comments on the Draft EIS are requested pursuant to the NEPA. All written comments received during the comment period will become part of the public record. Providing private address

information with your comment is voluntary and such personal information will be kept confidential unless release is required by law. All comments received by the public, including at public meetings, will be addressed in the Final EIS. A NOA will be published notifying the public of the final EIS.

FOR FURTHER INFORMATION CONTACT: Mr. Christopher Johnson, MDA Public Affairs, at 571-231-8212, or by email: mda.info@mda.mil. For more information, including a downloadable copy of the Draft EIS, visit the MDA Web site at <http://www.mda.mil>.

SUPPLEMENTARY INFORMATION:

Proposed Action and Alternative: The Department of Defense (DoD) does not have a proposed action and has not made a decision to deploy or construct an additional interceptor site. Current sites in Alaska and California provide the necessary protection of the homeland from a ballistic missile attack by countries such as North Korea and Iran. If the DoD were to make a decision in the future to construct a new site, the prior completion of the required site studies and EIS could shorten the timeline necessary to build such a site.

If deployed, a CIS would be an extension of the existing Ground-based Midcourse Defense (GMD) element of the Ballistic Missile Defense System. To the extent practicable, the CIS would be built as a contiguous Missile Defense Complex, similar to that found at Fort Greely, Alaska, and would consist of a deployment of up to a total of 60 Ground-Based Interceptors (GBIs) in up to three GBI fields. The GBIs would not be fired from their deployment site except in the Nation's defense and no test firing would be conducted at a CIS. The overall system architecture and baseline requirements for a notional CIS include, but are not limited to, the GBI fields, Command Launch Equipment, In-Flight Interceptor Communication
