

Justification for Change

Generic Clearance for IMLS Grant Program Application and Post-Award Report Forms

National Medals for Museum and Library Service form and cover sheet

IMLS has submitted a request to separate some forms (National Medal for Museum and Library Service Form) from the IMLS Grant Program Application and Post-Award Report Forms OMB ICR # 201606-3137-012. This request is to remove this grant form from 3137-0071 once a new separate clearance number has been approved. At this time, the remaining items within information collection 3137-0071 will remain the same. Because IMLS is working toward parsing out the documentation for like programs in order to implement a new process for renewal and updates on like forms rather than a bulk submission of all forms, there will be additional removal requests to follow.

The NMMLS form and cover sheet has previously been submitted under both the 3137-0029 (cover sheet) and 3137-0071 (form) OMB clearance numbers.
