RESTRICTIONS AND CONDITIONS FOR TRANSPORTING UNDENATURED INEDIBLE PRODUCT

The Import Permit Number, shipment serial number, and the individual seal number(s) must be included on all notifications. Prior to or no later than making entry with the Department of Homeland Security, Customs and Border Protection, you must file this notification with the United States Department of Agriculture (USDA), Food Safety and Inspection Service (FSIS), Office of International Affairs (OIA). The above referenced inedible product may be shipped, without denaturing, to the listed U.S. consignee in accordance with the requirements specified in 9 CFR 325.11; 9 CFR 590.45; 9 CFR 325.19.

This permit is not required for undenatured lungs provided; they come from an approved country that conforms to 9 CFR 325.8; 9 CFR 327.2 and meets the USDA-Animal Plant Health and Inspection Service (APHIS) and the Department of Health and Human Services (DHHS), Food and Drug Administration's (FDA) requirements.

The permit number issued by FSIS is active for three years. It is the responsibility of the permit holder to renew his/her application for a permit number before it expires. Permits which are not renewed are considered expired and are no longer valid.

USDA-APHIS is responsible for the control of animal diseases in the U.S. APHIS regulations may restrict the importation of certain products into the U.S. For more information, they may be contacted at (301) 734-3277.
