Other Materials: • K-BAP Baseline Screener and Survey (Not Dated)
• K-BAP Post-Test Screener and Survey (Not Dated)
• K-BAP Appendices 3-14 (Not Dated)

Using the Department of Health and Human Services regulations found at 45 CFR 46.101(b) (2), the IRB determined that your research project is exempt from IRB oversight. All study related documents will be removed from our active files and archived.

The IRB granted this exemption with an understanding of the following:

1. The research project will only be conducted as submitted and presented to the IRB, without additional change in design or scope.
2. Should the nature of the research project change, or any aspect of the study change such that the nature of the study no longer meets the criteria found in 45 CFR 46.101(b), you will resubmit revised materials for IRB review.

The IRB will evaluate the new information and make a determination at that time regarding the research project's status.

If you have any questions or concerns, please use the Contact IRB activity on your CIRBI workspace.

Thank you for selecting Chesapeake IRB to review your research project.
