**Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against individuals with disabilities and requires Federal agencies and recipients of Federal financial assistance to provide meaningful access to their programs and activities to individuals with disabilities.**

A standard accommodation is one we routinely provide upon request. Standard accommodations do not require special handling or approval by a manager. A non-standard accommodation is one that we do not routinely provide. The Center for Section 504 Compliance determines non-standard accommodation requests.
