ATTACHMENT 18: OTHER HOME VISITING PROGRAMS SURVEY

5/29/2012

Other Home Visiting Programs Survey – Baseline

Nominated by the Participating Home Visiting Program

The U.S. Department of Health and Human Services has contracted with MDRC to evaluate the federal Maternal, Infant and Early Childhood Home Visiting (MIECHV) Program.

The Mother and Infant Home Visiting Program Evaluation (MIHOPE) is designed to build knowledge for policymakers and practitioners about the effectiveness of MIECHV.

Your answers will be kept confidential. Only the research team will have access to this information. Your answers will not be shared with anyone at your program or any other agencies. In our research reports, the information you provide will not be attributed by name to you or your individual program.

One objective of MIHOPE is to learn about the availability and characteristics of home visiting programs and parenting programs for infants in a community.

We have contacted you because [HOME VISITING PROGRAM] nominated your program as another home visiting program or parenting program for infants in the same community in which it is located. We are requesting that you complete this questionnaire to help us describe the availability and characteristics of home visiting and parenting programs for infants in the community.

- The questionnaire should take about 6 minutes to complete.
 - If you are unsure how to answer a question, please give the best answer you can rather than leaving it blank.
 - In this questionnaire the term “program” means a specific set of services offered within your agency, and the term “agency” means an organization that may offer one or more programs.
 - We would appreciate your response by 5 p.m. on DD/MM/YYYY.
 - If you have questions at any time during the study, please call Alexander Vazquez at MDRC toll-free at 1-877-311-6372 or email Alexander.vazquez@mdrc.org.
-

1. Please provide your agency's street address, that is, the address of the place where clients would come to get center-based services or where home visitors have their desks. Please give this street address even if it is different from your agencies mailing address or its main offices.

Street Address:

City and state:

Zip code:
