Conditions:

1. Paleontological resources collected from Federal land under permit remain the property of the United States.
2. The repository official who acknowledges receipt of the collection may not be the same person listed on the permit, and must be authorized by the repository to receive collections on behalf of the repository
3. A bureau or Department of the Interior (DOI) official may contact the repository to verify the location and condition of collections deposited by the permittee.
4. Upon receipt, the repository agrees to curate and maintain collections in accordance with 43 CFR 49, Department Manual 411, and the terms and conditions defined in a separate agreement between the bureau and the repository for the care and maintenance of the deposited collection.
5. Specific locality data will not be released by the permittee or repository without written permission from a bureau authorized officer.

Paperwork Reduction Act Statement. We are collecting this information in accordance with the Paleontological Resources Preservation Act. Your response is required to obtain or retain a benefit. We will use the information you provide to verify that the specimens that you collected under your permit are deposited in and received by an approved repository, as required by the Act. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number. We estimate it will take you about 1 hour to complete this form, including time to maintain records, gather information, and complete the form. You may send comments on the burden estimate or any other aspect of this form to the Office of the Secretary, Departmental Information Collection Clearance Lead, Department of the Interior, 1849 C Street NW, Mailstop MIB-7056, Washington, DC 20240.

Privacy Act Statement. Information obtained by this form is protected by the Privacy Act of 1974 systems of records INTERIOR/DOI-XX.

<p>7. Name of Repository's Authorizing Official. Print the name of the repository authorized official.</p>	<p>7. Name of Repository's Authorizing Official. An authorized repository official must sign this form, thereby documenting receipt of the collection, as represented on the list provided by the permittee. The name of the repository authorized official that is signing on line 8 shall be printed here on line 6.</p> <p>The repository official signing on line 8 must have the authority to accept a collection and obligate the repository to care for the received items. Furthermore, that repository official cannot also have been the permittee, nor have been named in line 8 of the permit application or subsequently performed any key role in implementing permitted actions. This is because a conflict of interest arises if the receiving repository official is also associated with the permitted work and preparation and deposit of the collection at the repository. If there is an association between the personnel named in the permit and the repository, then another official of the repository with no ties to the permitted work must be the repository's authorizing official.</p>	<p>7.
