

## **Law Enforcement Use of Force Justification**

### **Justification:**

Under the terms of Generic Clearance (OMB #1110-0057), the FBI Uniform Crime Reporting (UCR) Program has permission to conduct cognitive testing of a new data collection, law enforcement use of force, in order to test the language and wording of the questions as well as their associated instructions. The goal is to ensure that participants have a clear understanding of what information is requested even in complex law enforcement situations. This will aid the UCR Program in its efforts to increase the overall validity and reliability of its data collections.
