

Request for Non Substantive Change to the National Guard Youth ChalleNGe Job ChalleNGe Evaluation (OMB 1291-0008)

This memo provides a justification for requesting a non-substantive change to OMB Control Number 1291-0008 to make slight modification to the consent forms to accommodate a change to the study. We are submitting updated consent forms for the National Guard Youth ChalleNGe Job ChalleNGe Evaluation. The revisions to the consent forms reflect a change in the selection process for youth interested in participating in Job ChalleNGe. The programs will not be using a lottery to select youth. The consent form also includes a revision to the description of the Certificate of Confidentiality (CoC). This change was requested by National of Institute of Health staff during the CoC application process. There are no changes to the approved information collection forms or the burden estimates.
