**Draft Instructions  
for the Call Report Revisions  
Proposed to Take Effect December 31, 2015**

**FFIEC 031 and FFIEC 041**

**General Instructions**

[Note: The following instructions would be added at the end of the General Instructions.]

**LEGAL ENTITY IDENTIFIER**

The Legal Entity Identifier (LEI) is a 20-digit alpha-numeric code that uniquely identifies entities that engage in financial transactions. An institution must provide its LEI on the cover page of the Call Report only if the institution already has an LEI. The LEI must be a currently issued, maintained, and valid LEI, not an LEI that has lapsed. An institution that does not have an LEI is not required to obtain one for purposes of reporting it on the Call Report.

## Schedule RI – Income Statement

### Item No.    Caption and Instructions

**5.I**        **Other noninterest income.** Report all operating income of the bank for the calendar year to date not required to be reported elsewhere in Schedule RI.

Disclose in Schedule RI-E, items 1.a through 1.I, each component of other noninterest income, and the dollar amount of such component, that is greater than \$100,000 and exceeds 3 percent of the other noninterest income reported in this item. If net losses have been reported in this item for a component of “Other noninterest income,” use the absolute value of such net losses to determine whether the amount of the net losses is greater than \$100,000 and exceeds 3 percent of “Other noninterest income” and should be reported in Schedule RI-E, item 1. (The absolute value refers to the magnitude of the dollar amount without regard to whether the amount represents net gains or net losses.)

Preprinted captions have been provided in Schedule RI-E, items 1.a through 1.i, for reporting the following components of other noninterest income if the component exceeds this disclosure threshold: income and fees from the printing and sale of checks, earnings on/increase in value of cash surrender value of life insurance, income and fees from automated teller machines (ATMs), rent and other income from other real estate owned, safe deposit box rent, net change in the fair values of financial instruments accounted for under a fair value option, bank card and credit card interchange fees, gains on bargain purchases, and income and fees from wire transfers. For each component of other noninterest income that exceeds this disclosure threshold for which a preprinted caption has not been provided, describe the component with a clear but concise caption in Schedule RI-E, items 1.j through 1.I. These descriptions should not exceed 50 characters in length (including spacing between words).

For disclosure purposes in Schedule RI-E, items 1.a through 1.i, when components of “Other noninterest income” reflect a single credit for separate “bundled services” provided through third party vendors, disclose such amounts in the item with the preprinted caption that most closely describes the predominant type of income earned, and this categorization should be used consistently over time.

[Note: The rest of the existing instructions for Schedule RI, item 5.I, would be unchanged.]

### Item No.    Caption and Instructions

**7.d**        **Other noninterest expense.** Report all operating expenses of the bank for the calendar year-to-date not required to be reported elsewhere in Schedule RI.

Disclose in Schedule RI-E, items 2.a through 2.p, each component of other noninterest expense, and the dollar amount of such component, that is greater than \$100,000 and exceeds 3 percent of the other noninterest expense reported in this item. If net gains have been reported in this item for a component of “Other noninterest expense,” use the absolute value of such net gains to determine whether the amount of the net gains is greater than \$100,000 and exceeds 3 percent of “Other noninterest expense” and should be reported in Schedule RI-E, item 2. (The absolute value refers to the magnitude of the dollar amount without regard to whether the amount represents net gains or net losses.)

**Schedule RI – Income Statement (cont.)**

**Item No.    Caption and Instructions**

**7.d**            Preprinted captions have been provided in Schedule RI-E, items 2.a through 2.m, for  
(cont.)           reporting the following components of other noninterest expense if the component exceeds  
this disclosure threshold: data processing expenses; advertising and marketing expenses;  
directors' fees; printing, stationery, and supplies; postage; legal fees and expenses; FDIC  
deposit insurance assessments; accounting and auditing expenses; consulting and advisory  
expenses; automated teller machine (ATM) and interchange expenses; telecommunications  
expenses; other real estate owned expenses; and insurance expenses (not included in  
salaries and employee benefits, expenses of premises and fixed assets, and other real estate  
owned expenses). For each component of other noninterest expense that exceeds this  
disclosure threshold for which a preprinted caption has not been provided, describe the  
component with a clear but concise caption in Schedule RI-E, items 2.n through 2.p. These  
descriptions should not exceed 50 characters in length (including spacing between words).

For disclosure purposes in Schedule RI-E, items 2.a through 2.m, when components of  
"Other noninterest expense" reflect a single charge for separate "bundled services" provided  
by third party vendors, disclose such amounts in the item with the preprinted caption that  
most closely describes the predominant type of expense incurred, and this categorization  
should be used consistently over time.

[Note: The rest of the existing instructions for Schedule RI, item 7.d, would be unchanged.]

**Item No.    Caption and Instructions**

**8**                **Income (loss) before applicable income taxes and discontinued operations.** Report the  
bank's pretax operating income. This amount is determined by taking item 3, "Net interest  
income," minus item 4, "Provision for loan and lease losses," plus item 5.m, "Total noninterest  
income," plus item 6.a, "Realized gains (losses) on held-to-maturity securities," plus item 6.b,  
"Realized gains (losses) on available-for-sale securities," minus item 7.e, "Total noninterest  
expense." If the result is negative, report it with a minus (-) sign.

**9**                **Applicable income taxes (on item 8).** Report the total estimated federal, state and local,  
and foreign income tax expense applicable to item 8, "Income (loss) before applicable income  
taxes and discontinued operations." Include both the current and deferred portions of these  
income taxes. If the amount is a tax benefit rather than tax expense, report it with a minus (-)  
sign.

Include as applicable income taxes all taxes based on a net amount of taxable revenues less  
deductible expenses. Exclude from applicable income taxes all taxes based on gross  
revenues or gross receipts (report such taxes in Schedule RI, item 7.d, "Other noninterest  
expense").

Include income tax effects of changes in tax laws or rates. Also include the effect of changes  
in the valuation allowance related to deferred tax assets resulting from a change in estimate  
of the realizability of deferred tax assets, excluding the effect of any valuation allowance  
changes related to unrealized holding gains (losses) on available-for-sale securities that are  
charged or credited directly to the separate component of equity capital for "Accumulated  
other comprehensive income" (Schedule RC, item 26.b).

## **Schedule RI – Income Statement (cont.)**

### **Item No.    Caption and Instructions**

**9**            Include the tax benefit of an operating loss carryforward or carryback for which the source of  
(cont.)        the income or loss in the current year is reported in Schedule RI, item 8, "Income (loss)  
before applicable income taxes and discontinued operations."

Also include the dollar amount of any material adjustments or settlements reached with a  
taxing authority (whether negotiated or adjudicated) relating to disputed income taxes of prior  
years.

Exclude the estimated federal, state and local, and foreign income taxes applicable to:

- (1) Schedule RI, item 11, "Discontinued operations, net of applicable income taxes."
- (2) Schedule RI-A, item 2, "Cumulative effect of changes in accounting principles and  
corrections of material accounting errors."
- (3) Schedule RI-A, item 10, "Other comprehensive income."

Refer to the Glossary entry for "income taxes" for additional information.

**10**            **Income (loss) before discontinued operations.** Report Schedule RI, item 8, "Income  
(loss) before applicable income taxes and discontinued operations," minus Schedule RI,  
item 9, "Applicable income taxes (on item 8)." If the amount is negative, report it with a  
minus (-) sign.

**11**            **Discontinued operations, net of applicable income taxes.** Report the results of  
discontinued operations, if any, net of applicable income taxes, as determined in accordance  
with the provisions of ASC Subtopic 205-20, Presentation of Financial Statements –  
Discontinued Operations (formerly FASB Statement No. 144, "Accounting for the Impairment  
of Long-Lived Assets"). If the amount reported in this item is a net loss, report it with a  
minus (-) sign. State the dollar amount of the results of, and describe each of, the reporting  
institution's discontinued operations included in this item and the applicable income tax effect  
in Schedule RI-E, item 3.

## Schedule RI-E – Explanations

### Item No.    Caption and Instructions

- 1**        **Other noninterest income.** Disclose in items 1.a through 1.i each component of Schedule RI, item 5.i, “Other noninterest income,” and the dollar amount of such component, that is greater than \$100,000 and exceeds 3 percent of the “Other noninterest income.” If net losses have been reported in Schedule RI, item 5.i, for a component of “Other noninterest income,” use the absolute value of such net losses to determine whether the amount of the net losses is greater than \$100,000 and exceeds 3 percent of “Other noninterest income” and should be reported in this item. (The absolute value refers to the magnitude of the dollar amount without regard to whether the amount represents net gains or net losses.) If net losses are reported in this item, report them with a minus (-) sign.

Preprinted captions have been provided for the following categories of “Other noninterest income”:

- Item 1.a, “Income and fees from the printing and sale of checks,”

(The absolute value refers to the magnitude of the dollar amount without regard to whether the amount represents net gains or net losses.) If net gains are reported in this item, report them with a minus (-) sign.

Preprinted captions have been provided for the following categories of “Other noninterest expense”:

- Item 2.a, “Data processing expenses,”

### Memoranda

#### Item No.    Caption and Instructions

NOTE:       Schedule RI, Memorandum items 8.f through 8.h, are to be completed by banks with \$100 billion or more in total assets that are required to complete Schedule RI, Memorandum items 8.a through 8.e.

**8.f           Impact on trading revenue of changes in the creditworthiness of the bank’s derivatives counterparties on the bank’s derivative assets:**

**8.f.(1)      Gross credit valuation adjustment (CVA).** Report the year-to-date change in gross credit valuation adjustments (i.e., before CVA hedges) included in the trading revenue reported in Schedule RI, item 5.c. The CVA is an adjustment to the fair value of derivatives exposures to account for possible non-performance of the bank’s derivatives counterparties. It is an estimate of the fair value of counterparty credit risk. In instances where CVA is a component in a bilateral valuation adjustment calculation for a derivatives counterparty, include the year-to-date change in the gross CVA component for that counterparty in this item. A net decrease in the CVA balance over the year-to-date reporting period (e.g., from improving counterparty creditworthiness) should be reported as a positive change. A net increase in the CVA balance over the year-to-date reporting period (e.g., from declining counterparty creditworthiness) should be reported as a negative change with a minus (-) sign.

**8.f.(2)      CVA hedges.** Report the year-to-date results included in the trading revenue reported in Schedule RI, item 5.c, of hedges of the CVA exposures for which the year-to-date change in the gross CVA is included in Schedule RI, Memorandum item 8.f.(1), above.

**8.g           Impact on trading revenue of changes in the creditworthiness of the bank on the bank’s derivative liabilities:**

**8.g.(1)      Gross debit valuation adjustment (DVA).** Report the year-to-date change in gross debit valuation adjustments (i.e., before DVA hedges) included in the trading revenue reported in Schedule RI, item 5.c. The DVA is an adjustment to the fair value of derivatives exposures that accounts for possible non-performance by the bank. It is an estimate of the fair value of the bank’s own credit risk to its counterparties. In instances where DVA is a component in a bilateral valuation adjustment calculation for a derivatives counterparty, include the year-to-date change in the gross DVA component for that counterparty in this item. A net increase in the DVA balance over the year-to-date reporting period (e.g., from declining bank creditworthiness) should be reported as a positive change. A net decrease in the DVA balance over the year-to-date reporting period (e.g., from improving bank creditworthiness) should be reported as a negative change with a minus (-) sign.

**8.g.(2)      DVA hedges.** Report the year-to-date results included in the trading revenue reported in Schedule RI, item 5.c, of hedges of the DVA exposures for which the year-to-date change in the gross DVA is included in Schedule RI, Memorandum item 8.g.(1), above.

**8.h           Gross trading revenue, before including positive or negative net CVA and net DVA.** Report as gross trading revenue the year-to-date results of trading activities prior to the impact of any year-to-date changes in valuation adjustments, including, but not limited to, CVA and DVA. The sum of the gross trading revenue reported in Memorandum item 8.h plus or minus all year-to-date changes in valuation adjustments, as appropriate, should equal Schedule RI, item 5.c, “Trading revenue.” Because there are valuation adjustments other than CVA and DVA, the sum of the gross trading revenue reported in Memorandum item 8.h

**8.h**           plus or minus the year-to-date changes in CVA and DVA reported in Memorandum items

Existing Memorandum item 14.c, “Net impairment losses recognized in earnings,” would be renumbered as Memorandum item 14 and recaptioned as shown below. The existing instructions for Memorandum item 14.c would be revised as follows.]

**Memoranda**

**Item No.    Caption and Instructions**

**14**           **Other-than-temporary impairment losses on held-to-maturity and available-for-sale debt securities recognized in earnings.** Report the amount of other-than-temporary impairment losses on held-to-maturity and available-for-sale debt securities that has been recognized in earnings during the calendar year to date as discussed in the following paragraphs. This amount is included in the realized gains (losses) on held-to-maturity and available-for-sale securities reported in Schedule RI, items 6.a and 6.b, respectively.

When the fair value of an individual held-to-maturity or available-for-sale debt security is less than its amortized cost basis, the security is impaired and the impairment is either temporary or other-than-temporary. To determine whether the impairment is other-than-temporary, a bank must apply the relevant guidance in ASC Topic 320, Investments-Debt and Equity Securities (formerly FASB Statement No. 115, “Accounting for Certain Investments in Debt and Equity Securities,” as amended by FASB Staff Position (FSP) FAS 115-1 and FAS 124-1, “The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments,” and FSP FAS 115-2 and FAS 124-2, “Recognition and Presentation of Other-Than-Temporary Impairments”) and ASC Subtopic 325-40, Investments-Other – Beneficial Interests in Securitized Financial Assets (formerly Emerging Issues Task Force (EITF) Issue No. 99-20, “Recognition of Interest Income and Impairment on Purchased Beneficial Interests and Beneficial Interests That Continue to Be Held by a Transferor in Securitized Financial Assets,” as amended by FSP EITF 99-20-1, “Amendments to the Impairment Guidance of EITF Issue No. 99-20”), as appropriate.

When an other-than-temporary impairment loss has occurred on an individual debt security, the total amount of the loss is the entire difference between the amortized cost of the debt security and its fair value on the measurement date of the other-than-temporary impairment. For an other-than-temporary impairment loss on a debt security that the bank intends to sell and on a debt security that it is more likely than not that the bank will be required to sell before recovery of its amortized cost basis less any current-period credit loss, the total

**14**            amount of the other-than-temporary impairment loss must be recognized in earnings and  
(cont.)        must be reported in this item.

For an other-than-temporary impairment loss on a debt security when the bank does not intend to sell the security and it is not more likely than not that the bank will be required to sell the security before recovery of its amortized cost basis less any current-period credit loss, the other-than-temporary impairment loss must be separated into (a) the amount representing the credit loss, which must be recognized in earnings, and (b) the amount related to all other factors, which must be recognized in other comprehensive income. Report in this item the portion of such an other-than-temporary impairment loss that represents the credit loss.

## Schedule RC – Balance Sheet

### Memoranda

#### Item No.    Caption and Instructions

- 1**        **Indicate in the box at the right the number of the statement below that best describes the most comprehensive level of auditing work performed for the bank by independent external auditors as of any date during the preceding calendar year.** *(To be reported only with the March Consolidated Report of Condition.)* Report the number of the statement listed on the report form that, in the reporting institution's judgment, best describes the most comprehensive level of auditing work performed by any independent external auditors during the preceding calendar year.

The term "any date during the preceding calendar year" refers to the date of the balance sheet and income statement reported on by the auditor (or the date as of which certain agreed-upon procedures were applied to selected records and transactions by the auditor) regardless of the actual date of the commencement of the auditing work (integrated audit,<sup>1</sup> financial statement audit, directors' examination, review, compilation, or specific procedures) and regardless of the date of the report submitted by the auditor.

Exclude from "auditing work performed" any tax or consulting work regardless of whether it was performed by an independent certified public accounting firm or others.

The list of possible external auditing work is structured with the "most comprehensive level," an integrated audit of the institution's financial statements and its internal control over financial reporting, identified as number 1a, and the other levels of auditing work listed in descending order (excluding number 3) so that "no external audit work" is number 9.

Institutions may be assisted in determining the level of auditing work performed by reviewing the type of report issued by the auditor.

If an institution or its parent holding company has external auditing work performed by a certified public accounting firm, the work may be (i) an integrated audit of the institution's or the holding company's financial statements and its internal control over financial reporting or (ii) an audit of the financial statements only. When an integrated audit is performed, the auditor may choose to issue a combined report (i.e., one report containing both an opinion on the financial statements and an opinion on internal control over financial reporting) or separate reports on the financial statements and on internal control over financial reporting.

- (a) If the institution or parent holding company has external auditing work performed by a certified public accounting firm and the report issued by the auditor:

Begins	"We have audited . . ."
and also states in the first paragraph or in a separate paragraph	"We also have audited . . . internal control over financial reporting . . ." <u>or</u> "We also have examined . . . internal control over financial reporting . . ."

<sup>1</sup> An integrated audit occurs when an independent external auditor is engaged to perform an audit of the effectiveness of internal control over financial reporting that is integrated with an audit of the financial statements and renders opinions on the financial statements and on internal control over financial reporting.

the bank would respond with:

- (i) a "4" if this auditing work was performed by a certified public accounting firm for the Board of Directors as a directors' examination;
- (ii) a "5" if this auditing work was performed by any other firm (e.g., a consulting firm, another banking organization) for the Board of Directors as a directors' examination; or
- (iii) an "8" if management otherwise engaged the auditor to perform specified auditing work (excluding tax or consulting work) but this auditing work did not constitute a directors' examination.

(d) If the report submitted by the auditor:

Begins

"We have reviewed . . . ,"

The second paragraph states

"A review consists principally of inquiries

. . . ,"

and

The final paragraph begins

"Based on our review . . ."

the bank would respond to this item with a "6."

(e) If the report submitted by the auditor:

Begins

"We have compiled . . ."

and

The second paragraph begins

"A compilation is limited to presenting . . ."

the bank would respond to this item with a "7."

An "independent external auditor" is an auditor who at no time during the year:

- (1) was an employee of the bank;
- (2) performed the bank's bookkeeping or maintained the bank's accounting records;
- (3) was dependent on the bank for his livelihood nor was the bank such a significant client that the loss of that client would jeopardize his livelihood; nor
- (4) held the bank's securities or was indebted to the bank beyond those types of loans permitted under applicable professional standards.

## Schedule RC-E – Deposit Liabilities

[Note: The following Memorandum items are included in Schedule RC-E of the FFIEC 031 and the FFIEC 041 Call Report. However, on the FFIEC 031, these items are included in Schedule RC-E, Part I. Deposits in Domestic Offices.]

### Memoranda

#### Item No.    Caption and Instructions

- 1.c**        **Brokered deposits of \$250,000 or less (fully insured brokered deposits).** Report in this item all fully insured brokered deposits (as defined in the Glossary entry for "brokered deposits") included in Schedule RC-E, Memorandum item 1.b, above. Include brokered deposits with balances of \$250,000 or less and time deposits issued to deposit brokers in the form of certificates of deposit of \$250,000 or more that have been participated out by the broker in shares with balances of less than \$250,000.

In some cases, brokered certificates of deposit are issued in \$1,000 amounts under a master certificate of deposit issued by a bank to a deposit broker in an amount that exceeds \$250,000. For these so-called "retail brokered deposits," multiple purchases by individual depositors from an individual bank normally do not exceed the applicable deposit insurance limit (currently \$250,000), but under current deposit insurance rules the deposit broker is not required to provide information routinely on these purchasers and their account ownership capacity to the bank issuing the deposits. If this information is not readily available to the issuing bank, these brokered certificates of deposit in \$1,000 amounts may be rebuttably presumed to be fully insured brokered deposits and should be reported in this item. In addition, some brokered deposits are transaction accounts or money market deposit accounts (MMDAs) that are denominated in amounts of \$0.01 and established and maintained by the deposit broker (or its agent) as agent, custodian, or other fiduciary for the broker's customers. An individual depositor's deposits within the brokered transaction account or MMDA normally do not exceed the applicable deposit insurance limit. As with retail brokered deposits, if information on these depositors and their account ownership capacity is not readily available to the bank establishing the transaction account or MMDA, the amounts in the transaction account or MMDA may be rebuttably presumed to be fully insured brokered deposits and should be reported in this item.

The dollar amount used as the basis for reporting fully insured brokered deposits in this Memorandum item reflects the deposit insurance limit in effect on the report date. At present, this limit is \$250,000.

- 1.d**        **Maturity data for brokered deposits.** Report in the appropriate subitem the indicated maturity data for brokered deposits (as defined in the Glossary entry for "brokered deposits").
- 1.d.(1)**    **Brokered deposits of \$250,000 or less with a remaining maturity of one year or less.** Report in this item those brokered time deposits with balances of \$250,000 or less reported in Schedule RC-E, Memorandum item 1.c, above that have a remaining maturity of one year or less. Remaining maturity is the amount of time remaining from the report date until the final contractual maturity of a brokered deposit. Also report in this item all brokered demand and savings deposits with balances of \$250,000 or less that were reported in Schedule RC-E, Memorandum item 1.c, above.
