Appendix H
Student Financial Aid Records Instrument Facsimile

November 2015

High School Longitudinal Study of 2009 (HSLS:09)

Student Financial Aid Records Instrument

This appendix provides a facsimile of the High School Longitudinal Study of 2009 (HSLS:09) student financial aid records instrument. As part of NCES' initiative to align the data elements requested from institutions across studies (thereby reducing burden on participating institutions), the HSLS:09 student financial aid records instrument has been designed to be consistent with other upcoming student records instruments – specifically, the 2015-16 National Postsecondary Student Aid Study (NPSAS:16) and the 2012/17 Beginning Postsecondary Students Longitudinal Study (BPS:12/17) student records collections. The facsimile presented in this appendix is consistent with the student records instrument submitted for the NPSAS:16 full scale collection (OMB #1850-0666 v.16). Table 1 provides a summary of the changes to the content of the HSLS:09 instrument when compared to the NPSAS:16 full scale instrument, the primary updates being to adapt items to collect data for multiple academic years (NPSAS only collects data for a single academic year, whereas HSLS:09 will collect data for multiple years). Items that have been duplicated for collection of multiple academic years are listed as revised items in the table.

Help Text — Need-based grants are awarded on the basis of an applicant's financial resources. Merit-based grants are awarded on the basis of an applicant's talents, skills, demographic, geographic or other characteristics. If any part of the awarding criteria includes an applicant's financial resources, then the grant should be considered need-based.
