 chapter 35, as amended). This notice is  
 soliciting comments from members of  
 the public and affected agencies  
 concerning the proposed collection of  
 information to: (1) Evaluate whether the  
 proposed collection of information is  
 necessary for the proper performance of  
 the functions of the agency, including if  
 the information will have practical  
 utility; (2) Evaluate the accuracy of the  
 agency's estimate of the burden of  
 proposed collection of information; (3)  
 Enhance the quality, utility, and clarity  
 of the information to be collected; and

 techniques or other forms of information  
 technology, *e.g.*, permitting electronic  
 submission of responses.

This notice also lists the following  
 information:

*Title of Proposal:* Family Self-  
 Sufficiency (FSS) Program  
 Demonstration.

*Description of the need for  
 information and proposed use:* The  
 Department is conducting this study  
 under contract with MDRC and its  
 subcontractors (Branch Associates and  
 M. Davis and Company, Inc.). The  
 project is an evaluation of the Family  
 Self-Sufficiency Program operated at  
 Public Housing Agencies (PHAs) across  
 the United States. The study will use  
 random-assignment methods to evaluate  
 the effectiveness of the program. FSS  
 has operated since 1992 and serves  
 voucher holders and residents of public  
 housing. The FSS model is essentially a  
 five-year program, and includes case  
 management plus an escrow account.  
 FSS case managers create a plan with  
 families to achieve goals and connect  
 with services that will enhance their  
 employment opportunities. Families  
 accrue money in their escrow accounts  
 as they increase their earnings. To date,  
 HUD has funded two other studies of  
 the FSS program, but neither can  
 indicate how well families would have  
 done in the absence of the program. A  
 random assignment model is needed  
 because participant self-selection into  
 Family Self Sufficiency program limits  
 the ability to know whether program  
 features rather than the characteristics  
 of the participating families caused  
 tenant income gains. Random  
 assignment will limit the extent to  
 which selection bias is driving observed  
 results. The demonstration will  
 document the progress of a group of FSS  
 participants from initial enrollment to  
 program completion (or exit). The intent  
 is to gain a deeper understanding of the  
 program and illustrate strategies that  
 assist participants to obtain greater  
 economic independence. While the  
 main objective of FSS is stable, suitable  
 employment, there are many interim  
 outcomes of interest, including: Getting  
 a first job; getting a higher paying job;  
 self-employment/small business  
 ownership; no longer needing benefits  
 provided under one or more welfare  
 programs; obtaining additional  
 education, whether in the form of a high  
 school diploma, higher education  
 degree, or vocational training; buying a  
 home; buying a car; setting up savings  
 accounts; or accomplishing similar goals  
 that lead to economic independence.

Data collection will include the  
 families that are part of the treatment  
 and control groups. Data will be  
 gathered through surveys.

Members of the affected public:

Families receiving subsidized housing and enrolled in the FSS program (treatment group) .....	1,281
Families receiving subsidized housing and not enrolled in the FSS program (control group) .....	1,270

Estimation of the total number of respondents, frequency of response, and hours needed to prepare the information collection including number of hours of response:

Instrument	Number of respondents	Number responses per respondent	Average burden/response (in hours)	Total burden hours
36-Month Survey .....	2,551	1	45 minutes (.75) .....	1,913
Total .....				1,913

*Status of the proposed information collection:* Pending OMB approval.

**Authority:** Title 13 U.S.C. 9(a), and title 12, U.S.C., section 1701z-1 *et seq.*

Dated: April 21, 2016.

**Katherine M. O'Regan,**  
Assistant Secretary for Policy Development and Research.
