(Name of Project)

Interview Participation Agreement Form

Purpose, Participation and Procedures

This project is funded by the Centers for Disease Control and Prevention (CDC) to look at (1) how (Agency Name) refers clients to HIV prevention and support services and (2) your outcomes from the referrals you receive. The findings may help (Agency Name) improve the way they provide HIV prevention and support services to people in the community in the future.

To participate in this project, you must: 1) have received an HIV-negative test result in the last three months; 2) be age 13 or older; and 3) in receipt of a CBO-HPS HIV prevention service from (Agency Name) in the last three months.

As part of this project, you are expected to complete four interviews. The first interview will take place about 30 days after receiving a referral to a CBO-HPS -funded program and the remaining interviews will take place at 3, 6, and 9 months after the first interview. During the interviews, you will be asked questions about yourself including drug and sex behaviors, experiences with HIV prevention services, and other services you may or may not have used.

Risks and Discomfort

The questions asked during the interviews are personal. A staff member will ask you the questions and enter your answers into the computer. All of your responses will be kept private. Your participation in this project is voluntary. You do not have to answer any questions you do not want to answer and can stop the interview at any time.

Benefits

There is no direct benefit to you for being in the project, but what we learn from the project may help (Agency Name) improve the way they provide HIV prevention and support services to people in the community in the future.

Disclosure of Alternative Treatment

Your participation in this project is voluntary. If you do not want to participate in this project, you are still eligible to participate in HIV prevention and support services from (Agency Name).

Privacy

The information collected during the interviews is personal and sensitive in nature. The staff at (Agency Name) will:

- Implement strict CDC security requirements, including the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule to ensure security of the data and all information.
- Work with CDC to maintain client privacy and security standards throughout the project.
- Keep paper copies of files in a locked filing cabinet inside a locked room. Project data will not contain any information that could identify you. In other words, your name will not be connected to your answers to any questions.
- Encrypt data before sending to CDC.
- Submit data to CDC via the Secure Data Network (SDN).

Once electronic data are received by CDC, they will be reviewed for completeness and errors and stored securely.

Tokens of Appreciation

Agency will need to insert information about their tokens of appreciation here.

Contact Information
