

Justification for Nonmaterial/Nonsubstantive Change Request

Request Date: August 11, 2016

Title: "Collections Related to Synthetic Turf Fields with Crumb Rubber Infill"

OMB Control Number: 0923-0054 (expiration date 01/31/2017)

07/22/2016 – ATSDR received OMB approval for this emergency information collection request (ICR), with changes.

07/29/2016 – ATSDR received CDC IRB approval for amendments to the protocol based on OMB review.

08/05/2016 – ATSDR received approval for an OMB change request, to provide the IRB-approved amendments to the protocol. At that time, the updated protocol was not uploaded for the record.

This is a nonmaterial/nonsubstantive change request. ATSDR and US EPA are requesting that OMB upload the research protocol dated 08/01/2016 for the public record.

Attached to this request is Attachment 7 Research Protocol (dated 08/01/2016).
