PURPOSE OF THE FORM:

The General Testimony provides a framework for stating the detailed information and evidence necessary to support the action requested in the Uniform Support Petition. The sections in the General Testimony may or may not apply to all cases. Before completing the form, carefully consider the status of the individual petitioner completing the testimony and his/her relationship to the respondent, the relief you plan to request in the petition, and other case characteristics to determine what information should be provided.

These instructions should be provided to the petitioner as part of the form.

THIS FORM CONTAINS SENSITIVE INFORMATION – DO NOT FILE THIS FORM IN A PUBLIC ACCESS FILE.

The information on this form may be filed with the petition or pleading and may be disclosed to the parties in the case, unless accompanied by a nondisclosure finding/affidavit.

If you are not the intended recipient, you are hereby notified that any use, disclosure, distribution, or copying of this form or its contents is strictly prohibited.

Italicized text that appears within a “box” refers to policy or provides additional information.

TANF means the obligee’s family is currently receiving IV-A cash payments. A Medicaid only case is a case in which the obligee’s family receives Medicaid but does not receive TANF. A former assistance case might be a case for state arrears only or for a family that previously received TANF, but is not doing so at this time.

- **Nondisclosure Finding/Affidavit attached** - If there is a finding prohibiting disclosure of a party’s or child(ren)’s address/identifying information or an affidavit alleging that disclosure of such information would result in risk of harm, check the box for “Nondisclosure Finding/Affidavit attached” and attach a copy of the finding/affidavit in accordance with section 312 of UIFSA. If there is a finding/affidavit prohibiting disclosure, you may provide the address of the IV-D agency as a substitute address for the protected party.

UIFSA requires that the petition or accompanying documents include certain identifying information regarding the parties and child(ren) (e.g., residential address, Social Security Number) unless a party alleges in an affidavit or a pleading under oath that the health, safety, or liberty of a party or child would be jeopardized by disclosure of such information. In that event, the information must be sealed.

If a jurisdiction has reason to believe that information should not be released because of safety concerns, it should ensure that there is a nondisclosure finding or an allegation in an affidavit or pleading that disclosure of identifying information would result in a risk of harm, as provided under section 312 of UIFSA. In addition to identifying information included on this form, it may be appropriate to submit certain financial information under seal.

- **This form sent through EDE** - Check if this form was sent through the Electronic Document Exchange (EDE).

The following options are available for making IV-D requests and sending information on IV-D cases:

1. *CSENet transactions are the recommended method for making requests or sending information to another state. If CSENet is not listed as an option on the form, then it cannot be used to convey any of the requests for information or IV-D requests provided on the form. Supporting documentation should be sent through EDE, whenever possible. If certified copies are needed, hard copies should also be sent by mail. Mail or fax may also be used for all documents when EDE is not available.*
2. *If CSENet transactions are not available in your state, EDE is the next preferred method for transmitting your request or information. Both your state and the receiving state must be using the EDE application to use this communication method.*
3. *If the EDE application is not available in your state or the responding state, then mail or fax must be used to communicate your request.*

When establishing a support order, the law of the responding jurisdiction determines whether and how past and ongoing medical expenses are included in the support order. For example, some states consider only expenses above a threshold amount or those costs that are for specific ongoing costs. The expenses in parts D through F may not be reimbursable or allowed in all jurisdictions.

Part D - Check the appropriate box to indicate whether any of the child(ren) listed in section IV (Dependent Children in This Action) have special needs or extraordinary medical expenses not covered by insurance. If special needs are indicated, explain in detail any agreement between the petitioner and respondent to cover these costs, including agreements that are verbal, written, or part of any court or administrative order. If you do not know, check "Unknown."

Provide additional information in section IX (Other Pertinent Information) about the child(ren) involved and attach supporting documentation of the need and expense.

Section VI. Additional Information for Child Support Calculation:

This information may be used by the responding tribunal to establish a support order or modify an existing one. State child support guidelines vary in whether the information is relevant to the calculation. Complete the appropriate section depending on the action sought.

Part A - Establishment:

Complete this section if the petitioner is requesting the responding tribunal to set a current support obligation for the child(ren) listed in section IV and no support order exists.

Some state child support guidelines consider the amount of time the child(ren) spend with the obligor. Generally, states use the number of overnights the child(ren) spends with the obligated parent to calculate any applicable adjustment/deviation. States may require a court order or binding separation agreement indicating custody/parenting time terms. Items 1-3 request information that may be relevant to the responding tribunal.

Item 1: Check the appropriate box to indicate whether a custody/parenting time order exists. If yes, provide the issuing tribunal number and the date the order was issued. A copy of the custody/parenting time order must be attached to the General Testimony.

Item 2: If a custody/parenting time order does not exist, check the appropriate box to indicate whether there is a written agreement between the parties on custody/parenting time. If yes, a copy of the agreement must be attached to the General Testimony.

Item 3: Indicate how many overnights the child(ren) have spent with the obligee and with the obligor in the 12 months prior to filing this action or since separation, whichever is the shorter period.

The award of support for a period of time prior to the date of filing the support petition is not required under federal law but may be appropriate in accordance with state law. Not all states have authority to establish support orders for prior periods. However, the period of time the family received TANF benefits may be a relevant factor in setting an award for a prior period; this section provides space for this information.

When establishing an order, a state must use its child support guidelines as a rebuttable presumption. States may establish child support awards covering a prior period, but such awards must be based on guidelines and take into consideration the obligor's earnings and income during the prior period.

Item 4: Check the appropriate box to indicate whether child support is sought for a period prior to the date the Uniform Support Petition was signed. If yes, complete the following questions and section VIII (Financial Information):

Item a: Provide the date from which the obligee seeks retroactive support, for example, the date of birth of the child, or the date the parties separated.

Item b: Check the appropriate box to indicate whether the child(ren) resided with the obligor during any period for which retroactive support is sought beyond the time specified in a custody/parenting time order or agreement. If yes, detail the additional time. For example, if there is no order or agreement and the child spent 6 months of the past year residing with the obligor, report that information here and in section IX (Other Pertinent Information) if additional space is needed.

Item c: Check the appropriate box to indicate whether the obligor provided payments directly to the obligee for the child(ren)'s support. If yes, provide an affidavit of payments showing those direct support payments.

Item d: Check the appropriate box to indicate whether public assistance was paid for the child(ren) during the period retroactive support is sought. If yes, check the appropriate box(es) and provide the period of the public assistance benefit and the state. If there are multiple dates, explain and include documentation in section IX (Other Pertinent Information).

Part B - Modification:

Complete this section if the petitioner is requesting the responding tribunal to modify an existing support order for the child(ren) listed in section IV (Dependent Children in This Action).

Item 1: In this section indicate the basis for the modification petition. Check all that apply, based on changes since entry of the most recent order.

Item a: The earnings of the obligor have either substantially increased or substantially decreased.

Item b: The earnings of the obligee have either substantially increased or substantially decreased.

Item c: The needs of the child(ren) have either substantially increased or substantially decreased.

Item d: The current support order was most recently established or modified at least 3 years ago or such lesser time as permitted by the laws of the responding jurisdiction.

Item e: Other (For example, the health care coverage or needs have changed); explain.

Item 2: In this section indicate if a custody/parenting time order exists. If yes, attach a copy of the order and fill in the issuing tribunal number and the date of the order.

Item 3: In this section, if a custody/parenting time order does not exist, indicate if there is a written custody/parenting time agreement. If yes, attach a copy of the agreement.

Item 4: In this section indicate the number of overnights, in the past 12 months or since separation (whichever is shorter), the child(ren) have had with either the obligee or obligor.

Section VII. Support Order and Payment:

This information is used to justify the support arrears (past-due support), if any, claimed in the petition.

Part A - Check the appropriate box to indicate whether there is an order for divorce or legal separation involving the children in this action. If the answer is yes, provide a copy of the order.

Part B - Check the appropriate box to indicate whether a current support order exists. If a support order exists, attach a certified copy of the obligor's payment record for payments ordered through the state disbursement unit (SDU) or other government agency or an affidavit of payments made directly to the obligee. Such direct payments to the obligee may include payments made by military allotment that did not go through the SDU.

Part C - Check the appropriate box to indicate whether the support order requires the obligor to make additional payments directly to the obligee, child care provider or health care provider; a private school for tuition, books or fees; or the obligee for a share of the health insurance premium or medical expense. If the answer is yes, complete part D below.

Part D - Check the appropriate box to indicate whether the obligor has made any direct payments pursuant to the order noted in part C. If payments have been made, attach an affidavit of payments that lists the dates, amounts, and purpose of such payments, as well as the individual or entity to whom the payments were made.
