Job Search Assistance Strategies Evaluation Staff Survey

As you may know, [name of TANF program] is participating in the Job Search Assistance (JSA) Strategies Evaluation, funded by the Administration for Children and Families (ACF) within the U.S. Department of Health and Human Services. The study will assess a range of JSA approaches in multiple sites. ACF has contracted with Abt Associates and Mathematica Policy Research to conduct the evaluation.

As part of the JSA evaluation, we are asking program staff who work with TANF recipients to complete a brief survey to help us better understand the types of services provided as part of [name of TANF program]. The length of time to complete this survey will vary by person, but is expected to take an estimated 30 minutes on average. Your participation in this survey is important and will help us understand more about the job search services provided to TANF recipients and, as part of the broader evaluation, which services are most effective.

Your responses will be kept private and used only for research purposes. They will be combined with the responses of other staff and no individual names will be reported. Information you provide will not be shared with other program staff, including your supervisor. Only the evaluation team will have access to the information you provide through the survey.

Participation in the survey is voluntary. We hope you will choose to complete all of the questions on the survey, but you may choose to skip any question you do not feel comfortable answering.

If you have any questions about the survey, please do not hesitate to contact [NAME] at Mathematica Policy Research by calling 1-866-xxx-xxxxx or emailing xxxxxxx@mathematica-mpr.com.

Thank you in advance for your assistance in completing this survey and providing important information about the study.
