

**Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (NPPD Generic Clearance Number 1670-0027)**

**TITLE OF INFORMATION COLLECTION:** ISCD Feedback Questionnaire

**PURPOSE:**

The Department of Homeland Security (DHS) National Protection and Programs Directorate (NPPD) Infrastructure Security Compliance Division (ISCD) would like to submit the ISCD Feedback Questionnaire for approval under NPPD Generic Clearance Number 1670-0027 as a “Fast Track” submission. We need to implement our proposed ISCD Feedback Questionnaire in direct response to a Government Accountability Office (GAO) audit. In April of 2013, the GAO issued a report entitled “CRITICAL INFRASTRUCTURE PROTECTION DHS Efforts to Assess Chemical Security Risk and Gather Feedback on Facility Outreach Can Be Strengthened.” In the GAO’s “Recommendations for Executive Action” section, the GAO stated that “To enhance ISCD efforts to communicate and work with facilities, we recommend that the Secretary of Homeland Security direct the Under Secretary for NPPD, the Assistant Secretary for IP, and the Director of ISCD to explore opportunities and take action to systematically solicit and document feedback on facility outreach consistent with ISCD efforts to develop a strategic communication plan.” (pg. 36). ISCD will be able to close out the recommendation by establishing the feedback mechanism and implementing the questionnaire and does not intend to provide results to GAO.

The GAO report also indicated that “...customer service efforts in the government, systematic feedback from regulated facility owners and operators to among other things, determine the kind and quality of services they want and also determine their level of satisfaction with existing services including outreach may benefit to organizations like ISCD that service the public.” (pgs. 33-34). In addition, the GAO report reminded us, that the NIPP states that “...when the government is provided with an understanding of private sector information needs, it can adjust its information collection, analysis, synthesis, and dissemination activities accordingly.” Through the Fast Track process, ISCD would be able to use the ISCD Feedback Questionnaire (attached).

**DESCRIPTION OF RESPONDENTS:**

ISCD’s communication’s plan currently addresses both internal and external communication needs to include industry outreach efforts. One of our plan goals is to maintain robust communication and outreach with the chemical community. ISCD desires informal and honest feedback on all of our outreach and other efforts. As such, our respondents should be comprised of industry and other participants who attend our outreach activities. These individuals will be requested to either voluntarily complete our on-line ISCD Feedback Questionnaire (located on our CSAT Website) or to voluntarily fill out a hard copy of the ISCD Feedback Questionnaire while still on-site. For respondents who choose to fill out the hard copy, these questionnaires should be collected at the outreach activity. In addition, all industry and other covered chemical

facility businesses, who in the course of complying with CFATS statutory directed requirements, will be offered the opportunity to complete the ISCD Feedback Questionnaire, while on the CSAT Website.
