

which are indicative of a possible deliberate attempt to disrupt pipeline operations or activities that could be precursors to such an attempt. In executing its responsibility for pipeline security, TSA produced the Pipeline Security Guidelines initially in December 2010, and reissued them in April 2011 when DHS changed the old color coded threat levels to the new National Terrorism Advisory System (NTAS) scale. The Pipeline Security Guidelines encourage pipeline operators to notify the Transportation Security Operations Center (TSOC) via phone at 866-615-5150 or email at TSOC.ST@dhs.gov as soon as possible of any specified incidents as outlined in the Security Guidelines.

In addition to security incident reporting, the Pipeline Security Guidelines previously included collecting pipeline operator security manager contact information to TSA. See 74 FR 37723 (July 29, 2009) and 75 FR 49943 (Aug. 16, 2010). TSA is revising the collection of information and will no longer collect the security manager contact information because a consolidated listing of contact information for pipeline industry security managers has been created and is available for use as recommended by the Pipeline Security Guidelines; however, the agency will continue to collect information on the reporting of security incident data to TSOC.

Number of Respondents: 60.¹

A. Overview of Information Collection

Title of Information Collection: ConnectHome Baseline Survey Data Collection.

OMB Approval Number: 2528-0308.

Type of Request: New collection.

Form Number: Survey.

Description of the need for the information and proposed use: The purpose of this effort is to support communities in the 28 ConnectHome sites in administering a baseline survey of targeted residents' current at-home Internet access. The survey administration will include the development of an outreach plan with HUD ConnectHome collaborators and communities; selection of a sample of participants to be surveyed; administration of an initial baseline internet access survey; and submission of a database, codebook, and frequency output tables for collected data; and submission of a summary analysis of the collected data.

The baseline survey will provide HUD with baseline measures of in-home high-speed internet access, barriers to access among those without access, and types of devices used to access the internet. Upon establishing baseline measures, HUD's ConnectHome team will use this information to support local efforts in closing the digital divide.

Respondents (describe): The survey is expected to be administered by mail or by Public Housing Authority staff in person or by phone to targeted assisted households at 28 ConnectHome sites. Communities are targeting different populations, which the survey's sampling process will recognize that some communities are targeting only public housing households with children, while others are also targeting voucher holders or residents of HUD multifamily housing in addition or instead.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for use to assist the homeless.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney

Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, and suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to: Ms. Theresa M. Ritta, Chief Real Property Branch, the Department of Health and Human Services, Room 5B-17, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857, (301) 443-2265 (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable

law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Ann Marie Oliva at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.
