Other Organizational Partners: An organizational partner is an outside entity that will provide resources (other than money) to support the project. Because all NEA projects require matching resources from non-federal sources, organizations that only provide money are not considered partners. Funders are not excluded from being partners, but they must also supply human resources or information capital, or actively participate in another way. If applicable, briefly describe the process and criteria for the selection of key organizations that will be involved in the project. Where relevant, describe their involvement in the development of the project to date. Where they remain to be selected, describe the selection procedures that you plan to follow and the qualifications that you seek.

- **Accessibility:**

Federal regulations require that all NEA-funded projects be accessible to people with disabilities. Funded activities must be held in an accessible venue and program access and effective communication must be provided for participants and audience members with disabilities. If your project is recommended for funding, you will be asked to provide information describing how you will make your project physically and programmatically accessible to people with disabilities:

- Buildings and facilities (including projects held in historic facilities), should be physically accessible. This includes, but is not limited to: ground-level entry, ramped access, and/or elevators to the venue; integrated and dispersed wheelchair seating in assembly areas; wheelchair-accessible box office, stage, and dressing rooms; wheelchair-accessible display cases, exhibit areas, and counters; and wheelchair-accessible restrooms and water fountains.
- The programmatic offering should be accessible either as part of the funded activity or upon request, where relevant. This can include, but is not limited to: contact information for requesting accommodations; electronic materials and websites; print materials in alternative formats, such as large-print brochures/labels, Braille, and electronic/digital formats; accommodations for performance, tours, and lectures, such as audio description, tactile opportunities, sign language interpretation, and real-time captioning; closed/open captioning of video and film; and assistive listening devices.

Please see the [Nondiscrimination Statutes](#) in our "Assurance of Compliance" for additional information. For technical assistance on how to make your project fully accessible, contact the Accessibility Office at accessibility@arts.gov, 202/682-5532 Voice or the Civil Rights Office at 202/682-5454 or 202/682-5082 Voice/T.T.Y., or see our online [Accessibility Resources](#).

Will your project be accessible to people with disabilities, inclusive of physical and programmatic access for those with physical, hearing, vision, and cognitive disabilities?
