Part 1b: Programmatic Activities

Programmatic Activities

Submit representative examples of your **programmatic activities** for the past three years/seasons (up to 5 examples per year/season). While the headings may not fit in every case, use these spaces to demonstrate what your organization has done for the last three years. Note: You can't change the years/seasons. If you need to provide information for different years/seasons, please note the years you are using in the "Programmatic Activity notes" section below.

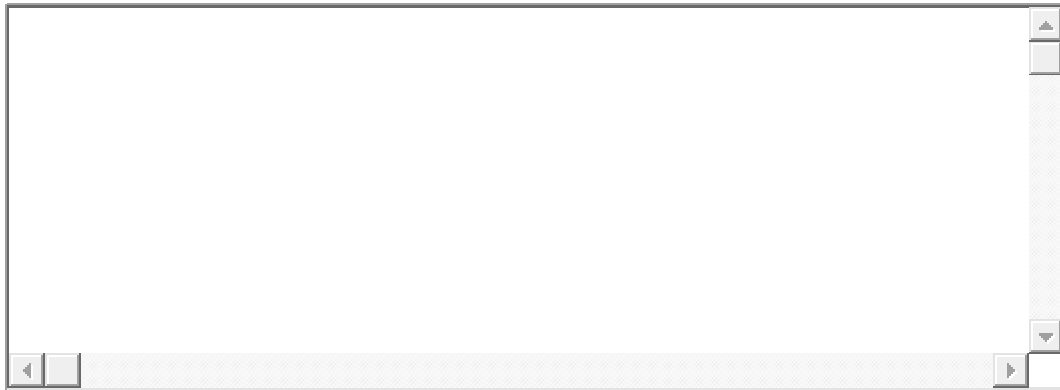

These examples should demonstrate eligibility (i.e., your organization's three-year history of programming) and the artistic excellence and merit of your organization. For projects that involve touring, list your organization's touring activities for the past three years/seasons. If you do not have touring information, leave the section blank (i.e., do not type "N/A").

NEA Discipline for Proposed Project: This refers to the artistic discipline associated with your project, not necessarily your organization as a whole. Choose the artistic discipline carefully because your selection will determine which panel of experts will review your proposal. In limited cases, staff may transfer an application to a discipline other than the one that was selected by the applicant to ensure appropriate panel review. However, we cannot guarantee that an application will be transferred in all cases where this might be desirable. [Contact us](#) if you have any questions about which discipline is most appropriate.

Project Title: If your project title has changed since you submitted your SF-424 through Grants.gov, provide a new project title in the text field below. Text cannot be formatted (e.g., bold, italics). **If you have no changes, leave the text as is. Do not type "N/A" as this will replace the previously submitted project title.** 

Project Description: If your project description has changed since you submitted your SF-424 through Grants.gov, provide a new description in the text field below. Text cannot be formatted (e.g., bold, italics). **If you have no changes, leave the text as is. Do not type "N/A" as this will replace the previously submitted project description.**

Major Project Activities: This serves as the project narrative. Describe the proposed project. Be as thorough and specific as possible about the activities that will take place during the allowable project period. **Where relevant, include information on any additional public components such as educational or outreach activities associated with the project.** Do not describe unrelated organizational programming. If applicable, identify any works of art that will be central to the project and the reason for their selection. *

Selection of Key Organizational Partners: If your project involves organizational partners, describe the process and criteria for the selection of key organizations. Where relevant, describe their involvement in the development of the project to date. Where they remain to be selected, describe the selection procedures that you plan to follow and the qualifications that you seek. An organizational partner is an outside entity that will provide resources (other than money) to support the project. Because all NEA projects require matching resources from non-federal sources, organizations that only provide money are not considered partners. Funders are not excluded from being partners, but they must also supply human resources or information capital, or actively participate in another way.
