Supporting Statement for the Notice of Proposed Declaration of Dividend (FR 1583; OMB No. 7100-0339)

Summary

The Board of Governors of the Federal Reserve System (Board), under delegated authority from the Office of Management and Budget (OMB), proposes to extend for three years, with revision, the mandatory Notice of Proposed Declaration of Dividend (FR 1583; OMB No. 7100-0339). The FR 1583 is used to collect information on all dividends declared by a subsidiary savings association of a savings and loan holding company (SLHC). The current annual reporting burden for the FR 1583 is estimated to be 73 hours and would remain unchanged with the proposed revisions.

Background and Justification

Section 10(f) of the Home Owners' Loan Act, as amended (HOLA) (12 U.S.C. § 1467a(f)), and section 238.101 of Regulation LL, Savings and Loan Holding Companies, (12 CFR 238.101) provide that every savings association that is a subsidiary of an SLHC is required to provide the Federal Reserve at least 30 days' prior notice of any dividend that its board of directors intends to declare.

Description of Information Collection

Savings association subsidiaries of SLHCs provide prior notice of a dividend by filing form FR 1583 that requires information on 1) the date of the filing, 2) the nature and amount of the proposed dividend declaration, and 3) the names and signatures of the executive officer and secretary of the savings association that have provided the notice. The savings association subsidiary must file this prior notice at least 30 days before the proposed declaration of a dividend by its board of directors. This notice may include a schedule proposing dividends of over a specified period, up to 12 months.

The statute also provides that the 30 day period commences on the date of receipt of the complete record of the notice by the Federal Reserve. The Federal Reserve Board may request additional information or may impose conditions for the dividend and may determine that such dividend does not comply with the requirements of 12 CFR Part 238, subpart K.

Proposed Revisions

The Board proposes to change all references to the Office of Thrift Supervision (OTS) with references to the Board or the Reserve Banks and all citations to the former OTS regulations with citations to the Board's Regulation LL. With respect to information that is included in the form, the Board proposes to require the nature of dividend to be identified (e.g., cash, stock) that the savings association subsidiary's board of directors intends to distribute. Finally, the Board proposes several stylistic and grammatical changes to the form and instructions.

Time Schedule for Information Collection

This information collection is event generated. Any savings association that is a subsidiary of a savings and loan holding company must file a notice with the appropriate Reserve Bank at least 30 days before a proposed declaration of a dividend by its board of directors.

Legal Status

The Board's Legal Division had determined that FR 1583 is authorized by section 10(f) of the Home Owners' Loan Act, as amended (12 U.S.C. § 1467a(f)), and provides that every subsidiary savings association of an SLHC shall give the Board at least 30 days' advance notice of the proposed declaration by its directors of any stock dividend. The obligation to respond is mandatory.

The FR 1583 collects information concerning the amount of capital that an SLHC's subsidiary savings association intends to distribute. Specifically, the form asks for the name and address of the savings association, the date of the filing, the nature and amount of the proposed dividend declaration, and the names and signatures of the executive officer and secretary of the savings association.

The information collected on the FR 1583 is generally not considered confidential. It is possible that a savings association or SHLC could seek confidential treatment under the Freedom of Informaton Act (FOIA) exemption 4 (5 U.S.C. § 552(b)(4)) for the nature and amount of the proposed dividend declaration, in which case the institution would need to submit a request stating that disclosure of the specific information would likely result in substantial harm to its competitive position and demonstrating the specific nature of the harm that would result from public release of the information. FOIA exemption 4 covers commercial or financial information obtained from a person that is privileged or confidential. The determination of whether confidential treatment should be granted will have be made on a case-by-case basis.

Consultation Outside the Agency
