INSTRUCTIONS

(All items self-explanatory unless noted below)

DEFINITIONS

1. "Actual" - Meals for which claims have been approved for reimbursement for the month.
2. "Estimated" - Projection of the number of meals that were served and are expected to be approved for reimbursement for which claims have not seem received or approved by the reporting due date.
3. "Total" - The sum of ACTUAL and ESTIMATED data.
4. "ADA" (Average Daily Attendance) – ADA uses SFSP meal counts as a proxy for determining the attendance at a summer meal site on an average day during the claim period. ADA is calculated by taking the total number of meals served in each **site's primary meal service** during the claim period and dividing that number by the number of **operating or meal service days** for the site during that claim period. A site's primary meal service is the meal at which the most meals are claimed. For most sites, this is typically lunch; however, if a site serves more meals at breakfast than at lunch, then breakfast would be considered the primary meal service. Once the ADA is calculated for each site, the **sponsor will then add the ADAs for all sites that the sponsor manages**. This will result in the ADA for the sponsor. See the following chart for an example of this calculation:

Sponsor A					
	Number of Operating Days During Claim Period	Breakfast	Lunch	Snack	ADA
Site 1	10	100	200*	50	20 (=200/10)
Site 2	15	300*	0	0	20 (=300/15)
Site 3	25	50	100	150*	6 (=150/25)
Sponsor A Total ADA					46 (=20+20+6)

* Indicates primary meal service for site.

In this example, each site has a different primary meal service. Each site's primary meal service must be used in the Total ADA calculation for the sponsor. In this example, Total ADA for Sponsor A is 46; this number should be added to the Total ADA for all other sponsors to get the cumulative ADA of Sponsors that is entered on this form.

PART B - (Line 24)

Complete for 90-Day Report for the Last Operating Month of the Fiscal Year

Sponsors eligible to receive commodities in the Summer Food Service Program are self-preparation sponsors and those sponsors which contract with a school or with a school district for the preparation of meals, and school food authority sponsors procuring meals from a food service management company as provided by Program regulations.

Report the total number of ACTUAL meals served by all sponsors **eligible** to receive USDA donated commodities whether or not those sponsors actually received commodities. This is a cumulative number of meals (all types) for the entire Summer Food Service Program. For summer camps, this would include both the reimbursable meals served to needy children and at the State's option, actual counts of non-reimbursable meals served to non-needy children. Submit this information on the 90-Day Report for the last operating month.
