

Shoreside Production Reports

Shoreside Production Report Data Entry

To create a shoreside production report, go to the eLandings System Internet location at: <http://elandings.alaska.gov>

Note on the eLandings homepage section titled, [How to Get Started](#) and below this title, Web eLandings selection # 2. [Login to make a landing report](#):

eLandings
Interagency electronic reporting system for commercial fishery landings in Alaska

Alaska Department of Fish and Game

International Pacific Halibut Commission

NOAA Fisheries

How to Get Started

- REGISTER:** Before users can use the eLandings system to report landing or production report data, they must request authorization to use the system and reserve a UserID and password. A UserID will be activated after a signed registration form is submitted to: NMFS/RAM eLandings Registration, PO Box 21668, Juneau, AK 99802, and approved.
-
- LOGIN:** The eLandings system will allow registered users to submit landing and production reports. Users can submit their landing and production report data to all of the mandated agencies through a series of eLandings web pages. Users can also import data in a specified XML format via the eLandings web site.

Landing and/or Production Data Report Login

Login below to record rationalized crab fisheries, halibut and sablefish IFQ, or statewide groundfish harvest in the eLandings System.

INFO - 1352: Please enter your UserID to login

UserID:	<input type="text" value="moodyfish"/>
Password:	<input type="password" value="....."/>
	<input type="button" value="Login"/>

You must be a **registered and activated user** to create a landing report in this system. You will need to enter your User ID and your password.

If you have forgotten your UserID, please reference your copy of the User Agreement. If you have forgotten your password, enter your email address, as provided in your User Agreement application and your password will be emailed to you within minutes.

The screenshot shows a login interface. At the top, there is a 'UserID:' field containing 'moodyfish' and a 'Password:' field with masked characters. Below these is a 'Login' button. A red arrow points to a link that says 'Forgot your password? Enter your email address below to have your password emailed to you.' Below this link is an 'Email Address:' field and an 'Email my password' button.

An individual user can be associated with one or more Operations. As an example, a business manager might be associated with three Operations - Big Fish Inc, WAI Processing, and the stationary floating processor, The Happy Lady. Each of these operations is unique, and the user is an authorized for each operation. When he logs into the eLandings system, he must designate which **Operation** he will be using to record the landing report. Most users will be associated with only one Operation, but if your business buys and processes, and in addition, performs custom processing for another Operation, you will have more than one Operation under your User Account. To create a new production report, simply select the correct operation, and then click on the [Production Report](#) button.

The screenshot shows the 'Reports Menu' page. At the top, it says 'INFO - 1353: User Andy Mackerel logged in'. Below that, it says 'TO MAKE A NEW REPORT, please select your operation and choose one of the following:'. There is a dropdown menu for 'Operation' with 'New Scotland' selected. Below the dropdown are several buttons: 'Crab Landing Report', 'Groundfish Landing Report', 'Production Report' (circled in red), and 'Import a Landing Report'. There are also buttons for 'Salmon Landing Report' and 'Salmon Report EZ Entry'. To the right of these buttons is a field for 'Delivering Vessel ADF&G Number:'.

The Production Report data entry page will open. Several fields are automatically filled in. The date defaults to today's date, this field can be edited if necessary. The ADF&G Proc code and the Federal Permit number are automatically filled in from the operation default values.

Production Report Entry

INFO - 1275: Please enter data for new landing report

Production Report - 154879

User: Andy Mackerel Company: NMFS Testing Operation PH: (206) 555-1212 Email: micky@wostmann.com

Report Date:	<input type="text" value="08/14/2008"/>	Federal Permit Number:	<input type="text" value="1010 NEKTON"/>
ADF&G Processor Code	<input type="text" value="F6937 Glacier Bay F/V"/>	Number of Observers	<input type="text" value="2"/>
No Production (check if none): <input type="checkbox"/>		No Deliveries (check if none): <input type="checkbox"/>	

You need to enter the number of NMFS observers in the plant. If there are no observers then enter a zero; this field cannot be left blank.

Now you can enter data in the Production section of the report:

- Under the FMP Area drop down list select the appropriate area: GOA (Gulf of Alaska) or BSAI (Bering Sea/Aleutian Islands).
- Next enter the ADF&G species code for all groundfish species for which you have production data. A list of groundfish is available [here](#) and note that halibut is not a groundfish, so you are not required to enter the production of halibut.
- Product Type is either **P** (Primary) or **A** (Ancillary).
- Enter the product code the weight in pounds, as the fish were processed and shipped by the plant (not as originally received by the catcher vessel).

Report Date:	<input type="text" value="08/14/2008"/>	Federal Permit Number:	<input type="text" value="1010 NEKTON"/>
ADF&G Processor Code	<input type="text" value="F6937 Glacier Bay F/V"/>	Number of Observers	<input type="text" value="2"/>
No Production (check if none): <input type="checkbox"/>		No Deliveries (check if none): <input type="checkbox"/>	

Production

FMP Area	Species Code	Product Type (P/A)	Product Code	Weight (lbs)
<input type="text" value="GOA"/>	<input type="text" value="270"/>	<input type="text" value="P"/>	<input type="text" value="7"/>	<input type="text" value="12.876"/>
<input type="text" value="BSAI"/>	<input type="text" value="110"/>	<input type="text" value="A"/>	<input type="text" value="35"/>	<input type="text" value="1.235"/>
<input type="text" value="GOA"/>	<input type="text" value="134"/>	<input type="text" value="P"/>	<input type="text" value="8"/>	<input type="text" value="5.476"/>
<input type="text" value="GOA"/>	<input type="text" value="124"/>	<input type="text" value="A"/>	<input type="text" value="35"/>	<input type="text" value="0.124"/>
<input type="text" value="BSAI"/>	<input type="text" value="121"/>	<input type="text" value="P"/>	<input type="text" value="7"/>	<input type="text" value="5.675"/>
<input type="text" value=""/>	<input type="text" value=""/>	<input type="text" value=""/>	<input type="text" value=""/>	<input type="text" value=""/>
<input type="text" value=""/>	<input type="text" value=""/>	<input type="text" value=""/>	<input type="text" value=""/>	<input type="text" value=""/>
<input type="text" value=""/>	<input type="text" value=""/>	<input type="text" value=""/>	<input type="text" value=""/>	<input type="text" value=""/>

If you need to look up any of the species or product codes, the [Codes](#) link at the top of the page will provide reference tables.

Once you have finished entering all the production items, click on the Save button. Once the report is saved you have the option of viewing a PDF of the report to review it. Note that by clicking on the View PDF button you are not submitting the report!
