

Thank You E-Mail

Dear _____,

Thank you for completing the Home Visiting Model-Cost Reporting Tool (HVM-CRT). Your feedback is extremely important to HRSA. The input you provided will help us to form the basis of a tool that home visiting program grantees may use to estimate costs, given the characteristics of the models they implement and the communities and the families that they serve. Your efforts represent an important contribution to improve the quality of services and improve health outcomes.

Please feel free to contact me if you have any questions about this assessment.

Sincerely,

David Willis, MD
