## Step 1: Contractor Information

NOTE: MSHA does not require independent contractors to have identification numbers as a pre-qualified contractor becomes a successful bidder and if the contract to be performed covers any of the mine activities listed below, the contractor must provide an identification number.

- Mine development, including shaft and slope sinking;
- Construction or reconstruction of mine facilities; including building or rebuild additions to existing facilities;
- Demolition of mine facilities;
- Construction of dams;
- Excavation or earthmoving activities involving mobile equipment;
- Equipment installation, such as crushers and mills;
- Equipment service or repair of equipment on mine property for a period exceeding 30 days;
- Material handling within mine property; including haulage of coal, ore, refuse, or waste to mine property;
- Drilling and blasting.
