Discussion

Under 33 CFR 127.007, an owner or operator planning new construction to expand or modify marine terminal operations in an existing facility handling LNG or Liquefied Hazardous Gas (LHG), where the construction, expansion, or modification would result in an increase in the size and/or frequency of LNG or LHG marine traffic on the waterway associated with a proposed facility or modification to an existing facility, must submit an LOI to the Captain of the Port (COTP) of the zone in which the facility is or will be located. Under 33 CFR 127.009, after receiving an LOI, the COTP issues a Letter of Recommendation (LOR) as to the suitability of the waterway for LNG or LHG marine traffic to the appropriate jurisdictional authorities. The LOR is based on a series of factors outlined in 33 CFR 127.009 that relate to the physical nature of the affected waterway and issues of safety and security associated with LNG or LHG marine traffic on the affected waterway.

The purpose of this notice is to solicit public comments on the proposed construction and expansion project related to a FERC approved LNG facility as submitted by Rodino, Inc. on behalf of Annova LNG Common Infrastructure, LLC (Annova LNG) and Texas LNG Brownsville LLC (Texas LNG) and as submitted by AcuTech Group, Inc. on behalf of Rio Grande LNG, LLC. Input from the public may be useful to the COTP with respect to developing the LOR. The Coast Guard requests comments to help assess the suitability of the associated waterway for increased LNG marine traffic as it relates to navigation, safety, and security.

On January 24, 2011, the Coast Guard published Navigation and Vessel Inspection Circular (NVIC) 01–2011, “Guidance Related to Waterfront Liquefied Natural Gas (LNG) Facilities.” NVIC 01–2011 provides guidance for owners and operators seeking approval to construct and operate LNG facilities. The Coast Guard will refer to NVIC 01–

2011 for process information and guidance in evaluating the project included in the LOIs and WSAs submitted by Rodino, Inc. and AcuTech Group, Inc. A copy of NVIC 01–2011 is available for viewing in the public docket for this notice and also on the Coast Guard’s Web site at <http://www.uscg.mil/hq/cg5/nvic/2010s.asp>.

This notice is issued under authority of 33 U.S.C. 1223–1225, Department of Homeland Security Delegation Number 0170.1(70), 33 CFR 127.009, and 33 CFR 103.205.

[Docket No. FR-5173-N-10-B]

Affirmatively Furthering Fair Housing: Local Government Assessment Tool—Information Collection Renewal: Solicitation of Comment 30-Day Notice Under Paperwork Reduction Act of 1995

AGENCY: Office of the Assistance Secretary for Fair Housing and Equal Opportunity, HUD.

ACTION: Notice.

SUMMARY: This notice solicits public comment for a period of 30 days, consistent with the Paperwork Reduction Act of 1995 (PRA) on the Local Government Assessment Tool, the assessment tool developed by HUD for use by local governments that receive Community Development Block Grants (CDBG), HOME Investment Partnerships Program (HOME), Emergency Solutions Grants (ESG), or Housing Opportunities for Persons with AIDS (HOPWA) formula funding from HUD when conducting and submitting their own Assessment of Fair Housing (AFH). The Local Government Assessment Tool is also available for use for AFHs conducted by joint and regional collaborations between: (1) Such local governments; (2) one or more such local governments with one or more public housing agency (PHA) partners; and (3) other collaborations in which such a local government is designated as the lead for the collaboration.

HUD is committed to issuing four assessment tools for its program participants covered by the AFFH final rule. One assessment tool is for use by local governments (Local Government Assessment Tool) that receive assistance under certain grant programs administered by HUD's Office of Community Planning and Development (CPD), as well as by joint and regional collaborations between: (i) Local governments; (ii) one or more local governments and one or more public housing agency (PHA) partners; and (iii) other collaborations in which such a local government is designated as the lead for the collaboration. The second tool is for use by States and Insular Areas (State and Insular Area Assessment Tool) and joint collaborating partner local governments and/or PHAs (including Qualified PHAs) where the State is designated as the lead entity. The third assessment tool is for PHAs (including for joint collaborations among multiple PHAs). The fourth assessment tool is for Qualified PHAs (including for joint collaborations among multiple QPHAs). The next **Federal Register** Notice that will solicit public comment on the State and Insular Area Assessment Tool will solicit specific feedback from program participants as to how to best facilitate collaboration between program participants using this tool, including any changes to the tool or instructions that may be necessary to facilitate such collaborations.

The Office of Management and Budget (OMB) approved the Local Government Assessment Tool under the PRA for a period of one year. This notice follows HUD's solicitation of public comment

for a period of 60 days on the Local Government Assessment Tool that published on March 23, 2016, and takes into consideration the public comments received in response to the 60-day notice. The 60-day notice commenced the notice and comment process required by the PRA in order to obtain approval from OMB for the information collected by the Local Government Assessment Tool. This 30-day notice completes the public comment process required by the PRA. With the issuance of this notice, and following consideration of additional public comments received in response to this notice, HUD will seek renewal of approval from OMB of the Local Government Assessment Tool, with a renewal period of 3 years. In accordance with the PRA, the assessment tool will undergo this public comment process every 3 years to retain OMB approval.
