p.1, #2	Old question wording.	New question wording.
OPENING	Direct entry of each event for	Opening Screen is now"Create an Account".
SCREEN	"Community Drill Day", including	Account is generic information request and
	specific event date.	questions about the organization are the same as
		in 2013.
	Event Entry was just part of the form.	Current form is a first screen with Form name,
		FEMA Number, OMB Number, Burden
		Statement and Form Expiration Date.
		Now, when someone registers they need to
		enter their information and create a password—
		creates an account. Then the go to a next
		screen for entering event information. It's the same questions about the event as in 2013.
		What has changed is that instead of repeatedly
		needing to enter basic organizational
		information, the respondent from each
		organization only needs to log in for subsequent
		years and verify their information and then they
		can go into the screen for entering event
		information.
