_____ (hereinafter called the "Owner").

Witnesseth, that the Contractor and the Owner, for the consideration hereinafter set out, agree as follows:

Article 1: Scope of Contract

A. The Contract between the parties is set forth in the "Contract Documents," which consist of this Agreement, the Drawings and Specifications, which include the current edition of AIA Document A201, "General Conditions of the Contract for Construction," and Form HUD-2554, "Supplementary Conditions of the Contract for Construction." The provisions of this instrument and the said HUD Supplementary Conditions take precedence over all inconsistent provisions in the said AIA General Conditions. This Contract constitutes the entire agreement between the parties, and any previously existing contract concerning the work contemplated by the Contract Documents is hereby revoked.

B. The Contractor shall furnish all of the materials and perform all of the work (within the property lines) shown on, and in accordance with, the Drawings and Specifications entitled _____

HUD Project No. _____, dated _____.

C. The Drawings, which are numbered _____, and the Specifications, the pages of which are numbered _____

The Architect administering the Construction Contract (hereinafter, and elsewhere in the Contract Documents, referred to as the "Architect") is _____

D. A master set of said Drawings and Specifications, identified by the parties hereto and by the Design Architect, the Architect, and the Contractor's Surety or Guarantor have been placed on file with the Federal Housing Commissioner (hereinafter referred to as the "Commissioner"), and shall govern in all matters which arise with respect to such Drawings and Specifications.

E. Changes in the Drawings and Specifications or any terms of the Contract Documents, or orders for extra work, or changes by altering or adding to the work, or which will change the design concept, may be effected only with the prior written approval of the Owner's Lender (more particularly identified below and hereinafter referred to as the "Lender") and the Commissioner and under such conditions as either the Lender or the Commissioner may establish.

Article 2: Time

A. The work to be performed under this Contract shall be commenced within _____ days of this Agreement, and shall be completed by _____, 20____. The time by which the work shall be completed may be extended in accordance with the terms of the said AIA General Conditions only with the prior written approval of the Commissioner.

B. The Contractor shall correct any defects due to faulty materials or workmanship which appear within one year from the date of final completion.

C. If the work is not brought to final completion in accordance with the Drawings and Specifications, including any authorized changes, by the date specified above, or by such date to which the contract time may be extended, the maximum sum stated in Article 3A(1) below shall be reduced by \$ _____, as liquidated damages, for each day of delay until the date of final completion. When the Owner cost certifies to HUD, the actual cost of interest, taxes, insurance, mortgage insurance premiums, and construction and permanent loan extension fees, as approved by the Commissioner, for the period from the scheduled date of completion through the date construction was actually completed, shall be determined. The lesser of the liquidated or actual damages shall be applied. The applicable amount shall be reduced by the project's net operating income (as determined by the Commissioner) for the damage period.

D. The Owner and Contractor may amend this contract prior to initial endorsement (insurance of advances projects) or upon execution of the construction contract (insurance upon completion projects), in a form prescribed by the Commissioner, to provide for an incentive payment to the Contractor, which will result in an increase in the contract sums stated in Article 3A below, if the work is completed before the date specified in this contract. The Contractor will **not** be entitled to any incentive payment resulting from early completion if HUD determines that the Contractor's cost certification, required by Article 10, is fraudulent or materially misrepresents the Contractor's actual cost of construction.
