

**U.S. DEPARTMENT OF
HOUSING AND URBAN DEVELOPMENT**

**INITIAL PRIVACY ASSESSMENT
(IPA)**

Public Housing Capital Fund Program

OMB Control Number 2577-0157

Instruction & Template

8/29/2016

INTRODUCTION

What is an Initial Privacy Assessment?

An Initial Privacy Assessment (IPA) is designed to assess whether a Privacy Impact Assessment (PIA), a Privacy Act system of records notice (SORN), and/or other related privacy documents are required. The responses to the IPA will provide a foundation for determining if either a PIA or SORN or both will be required, and will also help to identify any policy concerns.

The IPA incorporates the matters previously addressed in the Department's Privacy Identifiable Information (PII) Survey, and thus replaces the survey.

When should an IPA be completed?

An IPA should be completed for all information collection activities, whether the system is electronic or contains only records in paper form, and should be completed before commencement of any testing or pilot project of an information system or prior to implementing new information collections requests. Additionally, an IPA should be completed any time there is a change to the information system or collection to determine whether there are any privacy issues as a result of such a change.

Who should complete the IPA?

The IPA should be written and reviewed by a combination of the component's (e.g., Privacy Act Officer, System Owner, Project Leaders), and the program-specific office responsible for the system, project or information collections.

How is the IPA related to the Capital Planning, Certification and Accreditation, and the Paperwork Reduction Act process?

Upon completion and approval of the IPA by the Privacy Officer the official document may be uploaded into the C&A tool, and provided as part of the IT Capital Planning, and Paperwork Reduction Act package as validation of the completed evaluation. The completed IPA demonstrates that the program components have consciously considered privacy and related requirements as part of the overall information activities. For an IT system that does not require a C&A, such as a minor application that runs on a system that does require a C&A, an IPA still should be completed to determine if other related privacy documentation are required for that system or project.

Where should the completed IPA be sent?

A copy of the completed IPA should be sent to the Office of Privacy Project Leads for review. The Privacy Officer will review the IPA and determine what additional privacy documentation is required, and then will advise the Program component accordingly.

Initial Privacy Assessment

SECTION I: INFORMATION ABOUT THE SYSTEM OR PROJECT

Date Submitted for Review: 08/29/2016

Project Name/Acronym: Public Housing Capital Fund Program

System Owner/Contact information: Thomas Shelton – (202) – 402 - 4799

Project Leader/Contact Information: Ivan Pour (202) – 402 - 2488

Which of the following describes the type of records in the system:

- Paper-Only
- Combination of Paper and Electronic
- System/Project
- Other:** Please describe the type of project is the system or program, including paper based Privacy Act System of Records, Rules, or Technologies'.

<<ADD ANSWER HERE>>

Note: For this form purpose, there is no distinction made between technologies/systems managed by contractors. All technologies/systems should be initially reviewed for potential privacy impact.

Question 1: Provide a general description of the system or Project. The following questions are intended to define the scope of the information in the system, information collection, or project, specifically the nature of the information and the sources from which it is obtained.

- a. From whom is the information collected (i.e., government employees, contractors, or consultants, state, local government entities, or general

public)?

The respondents are Public Housing Agencies, which are state, local government entities.

- b. What is the functionality of the system, information collection, or project and the purpose that the records and/or system serve?

Each year Congress appropriates funds to approximately 3,100 Public Housing Authorities (PHAs) for modernization, development, financing, and management improvements. The forms in this collection are used to appropriately disburse and utilize the funds provided to PHAs. Additionally, these forms provide the information necessary to approve a financing transaction in addition to any Capital Fund Financing transactions.

- c. How is information transmitted to and from the system, information collection, or project?

This collection has many Public Housing Capital Fund forms and the specific form being utilized is dependent on the situation (ie. modernization vs. new construction development). There is not 1 specific central database system that information is transmitted to and from. The Public Housing Authority (PHA) and their local HUD Field Office (FO) are the primary transmission end points and the information is primarily scanned documents that are emailed between HUD FOs and PHAs.

- d. What are the interconnections with other systems or projects?

N/A

QUESTION 2: Have the IPA been reviewed and approved by the Chief Privacy Officer

N/A

(If no, please contact component privacy official for official approval)

QUESTION 3: What is the Status of system, information collection, or project

- a. If this is a new system, information collection, or project, specify expected production date.

N/A

- b. If an existing system, information collection, or project, specify date of production.

This is an existing information collection that was first approved by OMB in 1992.

QUESTION 4: Does this system, information collection, or project collect personal identifiers/sensitive information

- | | | |
|--------------------------|--------------------------|---|
| YES | NO | Does the system, information collection, or project collect personal/sensitive information? (e.g. name, address, personal email address, gender/sex, race/ethnicity, income/financial data, employment history, medical history, Social Security Number, Tax Identification Number, Employee Identification Number, FHA Case Number). Includes PII that may be part of a registration process? |
| <input type="checkbox"/> | <input type="checkbox"/> | |

If yes, specific data sets collected or provided, and the legal authorities, arrangement, and/or agreement authorize the collection of information (i.e. must include authorities that cover all information collection activities, including Social Security Numbers)?

<<ADD ANSWER HERE>>

QUESTION 5: Does the information about individuals identify particular individuals (i.e., is the information linked or linkable to specific individuals, often referred to as personally identifiable information?)

The information collected is at the PHA level and applicable personally identifiable information is not collected.

QUESTION 6: What type of Notice(s) are provided to the individual on the scope of information collected, the opportunity to consent to uses of said information, the opportunity to decline to provide information. (A notice may include a posted privacy policy, a Privacy Act notice on form(s), and/or a system of records notice published in the Federal Register.)

- a. Was any form of notice provided to the individual prior to collection of information? If yes, please provide a copy of the notice as an appendix. (A notice may include a posted privacy policy, a Privacy Act notice on form(s), and/or a system of records notice published in the Federal Register.) If notice was not published, why not?

N/A

- b. Do individuals have an opportunity and/or right to decline to provide information?

No, the information collected is required to retain benefits.

- c. Do individuals have an opportunity to consent to particular uses of the information, and if so, what is the procedure by which an individual would provide such consent?

No, the information collected is required to retain benefits.

QUESTION 7: Is there a Certification & Accreditation record for your system? (This question does not apply to Information Collection Requests)

<<ADD ANSWER HERE>>

Specify below the systems categorization. If not available identify the FISMA-

reported system whose Certification and Accreditation covers this system.

<<ADD ANSWER HERE>>

Confidentiality	<input type="checkbox"/>	Low	<input type="checkbox"/>	Moderate	<input type="checkbox"/>	High	<input type="checkbox"/>	Undefined
Integrity	<input type="checkbox"/>	Low	<input type="checkbox"/>	Moderate	<input type="checkbox"/>	High	<input type="checkbox"/>	Undefined
Availability	<input type="checkbox"/>	Low	<input type="checkbox"/>	Moderate	<input type="checkbox"/>	High	<input type="checkbox"/>	Undefined

SECTION II - Existing System or Project

(Only complete Section II if this is an existing system, information collection, or project).

QUESTION 1: When was the system, information collection, or project developed?

<<ADD ANSWER HERE>>

QUESTION 2: If an existing system, information collection, or project, has the system or project undergone any changes since April 17, 2003?

The PRA for the collection has changed several times since April 17, 2003.

QUESTION 3: Do the changes to the system, information collection, or project involve a change in the type of records maintained, the individuals on whom records are maintained, or the use or dissemination of information from the system?

No, the changes are to 1 form within the collection and the changes to HUD Form 53001 will not change the type of records maintained, the individuals on whom records are maintained, or the use or dissemination of information from the system.

QUESTION 4: Please indicate if any of the following changes to the system or project have occurred: (Mark all boxes that apply.)

- A conversion from paper-based records to an electronic system.
- A change from information in a format that is anonymous or non-identifiable to a format that is identifiable to particular individuals.
- A new use of an IT system, including application of a new technology that changes how information in identifiable form is managed. (For example, a change that would create a more open environment and /or avenue for exposure of data that previously did not exist.)
- A change that results in information in identifiable form being merged, centralized, or matched with other databases.
- A new method of authenticating the use of an access to information in the identifiable form by members of the public.
- A systematic incorporation of databases of information in identifiable form purchased or obtained from commercial or public sources.
- A new interagency use of shared agency function that results in new uses or exchanges of information in identifiable form.
- A change that results in a new use of disclosure of information in identifiable form.
- A change that results in new items of information in identifiable form being added into the system.

QUESTION 5: Does a PIA for the system or project already exist? If yes, please provide a copy of the notice as an appendix.

N/A
